

The Past the Present the Future

The governed elected group Vincent and the CODC with the outlying areas, need to go back in time.

Retrogress. VERB

1. go back to an earlier state, typically a worse one.

V

retrograde. VERB

1. *archaic*

go back in position or time.

"our history must retrograde for the space of a few pages"

And start with the Clyde discussion document 1989 and the leaders plans from the community well before 1989.

They have all died in vain.....everything has been a string along for no reason at all, as all have been misled for others.... game over let us start again, for all.

They all know that since well before 1989 reforms.
