Archaeological impact

My submission is *(include: whether you support or oppose the application or specific parts of it, whether you are neutral regarding the application or specific parts of it and the reasons for your views)*.

I oppose the application in its entirety.

Construction of the landfill may impact on important areas of eastern falcon habitat which may have adverse effects on this species.

Clearance of vegetation which are lizard habitats at the proposed landfill may have adverse effects on southern grass skink.

Landfills can attract rodents and increase local rodent populations which can have a negative effect on local bird populations given that rodents can prey on nesting birds and/or eggs and chicks, including the eggs and chicks of falcon. Increased predation may have population level effects on native lizards.

The proposed landfill has the potential to affect several archaeological sites in the area.
