- Water quality, quality of wetlands and recreational value will all be negatively impacted (pg 82, 'Application Assessment for Environmental Effects').
- The fact that the DCC application - and it is acknowledged by it - was lodged 4 days before this ~~was~~ action would have been prohibited [Ⓢ] smacks of deceit or incompetence - I want my children (and others!) to enjoy the benefits of the area.
 - Ⓢ (pg 82, 'Application Assessment for environmental ~~impacts~~ effects')
- The make-up of the community has changed since the original application. The proximity of housing and recreational areas, now make the site of the proposed landfill inappropriate for current use. It also does not fall within the ideals of the National Environmental Standards for freshwater. (pg 82 'Application Assessment for Environmental Effects').
