Applicant's Name:

Dunedin City Council

Application Number:

RM 20 - 280

Location:

Purpose:

Land fill

The specific parts of the application/s that my submission relates to are: (Give details)

- traffic flow - increased traffic through Brighton & Ocean View & particularly past the school.
  - contamination from leachate into Otakia Creek & beach
  - risk of earthquake from Akatore fault breaking liner
  - increase in pests/rodents and decrease in endangered species
- My/Our submission is (include: whether you support or oppose the application or specific parts of it, whether you are neutral regarding the application or specific parts of it and the reasons for your views).

I have lived in Brighton for the past 34 years. The reason I purchased a property here was to get away from the environmental impacts of city life. eg traffic, noise, pollution, and to enjoy the unique lifestyle that coastal environs offer.

My children & (hopefully grandchildren) have enjoyed growing up in Brighton and regularly swam in the Otokia river when they were toddlers and subsequently the sea when they were older. I know other families in the area, and those who visit from Dunedin enjoy this too. - the beach is packed ~~on~~ during the summer.

The leachate from the proposed landfill will contaminate the river and I certainly would not want my grandchildren swimming in such contamination.

Traffic will also flow through Brighton <sup>and directly</sup> ~~to~~ passed <sup>and directly</sup> the school. <sup>and nearby recreational ground</sup> Already there is some congestion when school starts and finishes, <sup>and when the recreational ground is being used</sup> and traffic to the landfill will exasperate this.

A landfill attracts rodents which will impact on the local wildlife and surrounding properties.

Not to mention the pollution that will also affect wildlife

Please consider the uniqueness of this environment and the pleasure that <sup>local</sup> families and those from the city enjoy and find an alternative site for this landfill.

I/We seek the following decision from the consent authority (*give precise details, including the general nature of any conditions sought*)

This coastal environment has so much to offer to  
multitudes of people in terms of recreation and  
wildlife. The impact of a landfill is so detrimental  
in many ways that consent should be denied.
