My/Our submission is (include: whether you support or oppose the application or specific parts of it, whether you are neutral regarding the application or specific parts of it and the reasons for your views).

I strongly oppose the Landfill application @ Smooth Hill

This is a 30 year old plan that no one worked then

& no one works now.

I am Grovely concerned that the DCC has ~~failed~~ PTO

Submitted their application Days before the National Environmental standards for Freshwater (NEEF), which regulates activities posing a risk to the Health of Freshwater & Fresh water Ecosystems. The DCC Even acknowledges had their application been days late it would not of complied. This alone should be reason to Decline the application.

Proposed Engineering controls to contain Leachate from Entering wetland areas cannot be relied upon especially with the risk of Earthquake from the Alabone Faultline. #

Any Risk is Not worth the Risk!!!

I am also worried about the value of my property should this be allowed to go ahead.

It is my understanding lagoon port was baked at 30 years ago. at this time they were still dropping out. This now could be used as a temporary landfill if needed. until such time as the proposed water treatment is up & running.

Winker is also an option.

Smooth hill is Not an option.

I/We seek the following decision from the consent authority (*give precise details, including the general nature of any conditions sought*)

NO CONSENT !!! This Landfill cannot be  
Allowed to go ahead.

I/we:

- Wish to be heard in support of our/my submission  
 Not wish to be heard in support of our/my submission

If others make a similar submission, I/we will consider presenting a joint case with them at a hearing.
