

Summary of Submissions

Application # RM20.280

Dunedin City Council - Landfill Construction and Operation, Smooth Hill, Dunedin O/N

| Status | Number of Submissions |
|-------------------------------------|-----------------------|
| Neutral | 9 |
| Opposed | 272 |
| Support | 2 |
| Total Number of Submissions: | 283 |

| To Be Heard | Number of Submissions |
|---------------|-----------------------|
| Not Specified | 1 |
| No | 135 |
| Yes | 147 |
| Total: | 283 |

| Submitter No | Submitter | Submissions Summary | Received Date | To Be Heard | Status |
|--------------|----------------------------|--|---------------|-------------|---------|
| 1. | Matthew Anthony York | Concerned that not enough evidence that Otokia Creek will not be affected | 11/10/2021 | No | Opposed |
| 2. | Ronald Julien King | Concerns regarding Fire Control, Odour, Dust, Birds, Seclusion, Opening Hours and Structural | 08/10/2021 | Yes | Neutral |
| 3. | Brittany Laing | Concerned regarding the affect on Brighton community - their land, their air and local water bodies | 24/10/2021 | Yes | Opposed |
| 4. | Lisa Bosshard | Concerns about environmental impact of the dump - should be pushed back to Council to come up with some better options. Asks that new law and ethics of accepting the proposal and potential harm to environment | 24/10/2021 | Yes | Opposed |
| 5. | Rhonda Wilson | No consultation with community, concerned that it will leach into the surrounding wetland and contaminate Otakai Stream and eventually Brighton Bay putting a unique environment at risk | 28/10/2021 | No | Opposed |
| 6. | Daniel Blair | Concerned with the affect on Otakai Stream, that the resource will be damaged and become unavailable or dangerous to use | 29/10/2021 | Yes | Opposed |
| 7. | Tracy and Matthew de Woeps | Concerned with impact on coastal regional and impact on swimming beat at Brighton | 31/10/2021 | No | Opposed |
| 8. | Richard James McIntosh | Proposal does not adhere to environmental standards. Concerned with the impact on water ways | 01/11/2021 | No | Opposed |
| 9. | Sharon Leitch | Concerned about the impact on the quality of the environment at Brighton Beach | 01/11/2021 | No | Opposed |
| 10. | Dr. Karsten Schneider | Concerned as the applicant has | 01/11/2021 | No | Opposed |

| | | | | | |
|-----|--|---|------------|-----|---------|
| | | disregarded NESFW, rushing the application process by disregarding more recent environmental evidence, long term risks of leachate contamination | | | |
| 11. | Fredric Michael Patrick | Insufficient technological information upon which to approve consents, in the main the geotechnical information | 01/11/2021 | No | Neutral |
| 12. | Elizabeth Cotton | Opposes due to environmental effects on the greater Brighton area - south west prevailing wind from site blows toward Brighton. Concerned with impact on Otokai water way flows and water quality | 02/11/2021 | No | Opposed |
| 13. | Leanne Stenhouse | Concerned about the risk of contamination and reduced flow to the Otokai Creek, application does not align with the NSFV, damage to wildlife and wetlands, risk of further pollution caused by Akatore fault | 02/11/2021 | Yes | Opposed |
| 14. | Rebecca Aburn representing Brighton Surf Lifesaving Club | Concerns regarding contamination of Otokai Creek and the affects on beach use as a result, proposal does not meet the NSFV | 02/11/2021 | Yes | Opposed |
| 15. | Gavin Hartley | Supports as benefits out weight the potential for damage to environment | 02/11/2021 | No | Support |
| 16. | Brian Peat | Concerns regarding the increase of bird life in the area, would like information on why the landfill is not located on flat land | 02/11/2021 | No | Neutral |
| 17. | G L & E G McLeod Family Trust | Objects to encroachment on family owned land that is adjacent to proposed site, devalues property, increased risk of fire and probability of plastic and other air borne rubbish putting grazing stock at risk, increase of scavenger birds | 29/10/2021 | No | Opposed |
| 18. | Keara Brownlie | Opposes on grounds of the risk of | 04/11/2021 | No | Opposed |

| | | | | | |
|-----|--|---|------------|-----|---------|
| | | contamination and reduced flow at Otokai Creek Estuary. Also due to high value of wetland areas and need for their protection | | | |
| 19. | James O'Mahony | Concerned about fire risk | 07/11/2021 | No | Opposed |
| 20. | Ernest Jefferson Munro | Concerns about pollution of Otokai Creek, risk fire and bird strike risk to planes coming from and to Dunedin Airport | 08/11/2021 | No | Opposed |
| 21. | Enfield Holdings Limited | Concerns about increased bird activity within 13km of Dunedin airport | 08/11/2021 | No | Opposed |
| 22. | Gerard Closs | Concerned with regard to the long term inter-generational legacy of pollution does not meet NPSF | 09/11/2021 | Yes | Opposed |
| 23. | Scott, Justine, Thomas and George Weatherall | Concerned about potential pollution of Otokai Creek and Brighton Beach - change of purpose of what is a very special area - potential significant fire | 09/11/2021 | Yes | Opposed |
| 24. | Saddle Hill Community Board | Concerned about lack of communication with the community, change to area, risk of bird strike and the risk of contamination entering Otokai Creek, fire risk | 09/11/2021 | Yes | Opposed |
| 25. | Richard Davison | Objects to extensive environment, amenity, food safety, community wellbeing, biodiversity, water quality, odour, traffic safety and aviation safety | 09/11/2021 | No | Opposed |
| 26. | Debbie Willocks and Robert Norman | Concerned about the impact on the beach and property's value | 10/11/2021 | No | Opposed |
| 27. | New Zealand Air Line Pilots Association | Concerned about the risk of bird strike Dunedin Airport already has an elevated bird hazard risk and believes the landfill site will significantly exacerbate the problem | 10/11/2021 | | Opposed |
| 28. | Michele Carol Laredo-Richardson | Opposes the discharge of waste and | 10/11/2021 | No | Opposed |

| | | | | | |
|-----|--|---|------------|----|---------|
| | | leachate onto land discharge to Otokai Creek where the water will flow affecting sea life | | | |
| 29. | Chairperson/Mosgiel-Taieri Community Board | Neutral but wish to highlight concerns about additional traffic and ensuring appropriate mitigation measures are in place to avoid contamination should a natural disaster occur | 11/11/2021 | No | Neutral |
| 30. | Lorraine Mary Marlow | Concerns about the pollution and follow up destruction of Brighton beach and creek by toxic water | 11/11/2021 | No | Opposed |
| 31. | Julie Anne Macmillan | Concerned with the risk of leachate contaminating swimming at the beach | 11/11/2021 | No | Opposed |
| 32. | Anthony Ivor Reeder | Concerned with the long-term negative social and behavioural consequences | 13/11/2021 | No | Opposed |
| 33. | Karen Ann Philip | Concerned with destruction of indigenous vegetation, wetland, health of water along with disturbing the habitat of native wildlife. Also concerned with water, air and land pollution and increased road activity | 13/11/2021 | No | Opposed |
| 34. | Wynn Owen | Concerned with risk of pollutants/contaminants leaching into creek and coastal areas, welfare of wetlands. Does not meet NESF | 13/11/2021 | No | Opposed |
| 35. | Liz Owen | Concerned with risk of contaminants to the Creek, pollution of the sea, destruction of wetlands negative impact on lifestyle, contrary to NESF | 13/11/2021 | No | Opposed |
| 36. | David Murray Hanan | Socially it is not wanted, Culturally at odds from Iwi values of Kaitiakitanga. Environmental setting and the ability to control discharges is highly dubious at best. Economically – not sustainable – Alternatives available | 13/11/2021 | No | Opposed |

| | | | | | |
|-----|---|---|------------|-----|---------|
| | | which have not been explored (1992 Landfill Futures report is irrelevant) | | | |
| 37. | Dunedin International Airport Limited C/- Gallaway Cook Allan | Bird Strike | 11/11/2021 | Yes | Opposed |
| 38. | Brian John Chalmers | Concerns with 1. Water Contamination 2. Air Contamination 3. Reduction in Quality of Life 4. Geo technical (Earthquake risk) 5. Aviation Risk | 14/11/2021 | Yes | Opposed |
| 39. | Lorraine Frances Gabanski | Concerned with Water Contamination, Bird Strike, Air Contamination and Reduction in Quality of Life | 14/11/2021 | No | Opposed |
| 40. | Elise Velenski | Concerned with pollution to Otokia Creek and Brighton Beach, risk of fire and bird strike, adverse affect on local iwi, | 14/11/2021 | Yes | Opposed |
| 41. | Maria Sydor | Doesn't comply with NESF, site hasn't been evaluated since 1992 and lots changed since then,. Earthquake risk not considered, risk of fire, loss of wetlands, sea-fog will trap smell, adverse effect on underground streams, risk of leachate, too close of airport and residential area | 14/11/2021 | No | Opposed |
| 42. | Morris, Wayne and Gillian | Concerned with negative effects on lifestyle and wetlands, and lack of monitoring environmental effects by DCC | 15/11/2021 | Yes | Opposed |
| 43. | Granger, Antony James and Michelle Anne | Seek to make a neutral submission with conditions regarding: sealing of McLaren Gully Road and Big Stone Road, mitigation of fire risk, predator-free fencing, covering rubbish at end of day, operating hours, quick removal of illegally | 15/11/2021 | Yes | Neutral |

| | | | | | |
|-----|---------------------------------------|--|------------|-----|---------|
| | | dumped waste, and Council to accept liability and cost for damage to neighbouring property and trees, and due to adverse effect on property prices the submitter seeks consent to subdivide their property into 2 hectare lots with ability to put house dwellings as compensation | | | |
| 44. | Becky Lawrence | Concerns over negative impact on water quality, air quality, wildlife, ecosystems, noise, loss of natural beauty and increased traffic. Assessment carried out 29 years ago and area has since changed | 14/11/2021 | No | Opposed |
| 45. | Craig Stuart Standing | Concerns with minimum separation distance of landfill from residences and this not being recorded in the LIM report, pollution to Otokia Creek and Brighton Beach, and increased fire risk | 15/11/2021 | Yes | Opposed |
| 46. | Viktorija Kahui | Concerns with leachate to the Creek, effect of pollution on water, wildlife, habitat and coast. EIA is outdated and should use LSF. No consideration of social wellbeing. Negative effects of Akatore Fault-line. Consideration of alternative site insufficient. | 14/11/2021 | Yes | Opposed |
| 47. | Bell, Richard and Rebecca | Concerns with lack of information and property value decreases, environmental impacts, pollutants leaching to water, negative impacts to endangered wildlife, odour, perception and value of image, birdstrike, freshwater guidelines | 15/11/2021 | Yes | Opposed |
| 48. | Trish Chaplin-Cheyne and Marty Cheyne | contrary to NESF, concerned with affect on Ecology (wildlife, habitat) and Bird Strike | 14/11/2021 | Yes | Opposed |
| 49. | Stephen William Bennett | Concerned with Fire risk, | 14/11/2021 | No | Opposed |

| | | | | | |
|-----|---|--|------------|-----|---------|
| | | contaminants in water and land (beach), loss of fish, bird strike, Akatore Fault, impact on Falcons and outdated investigation. | | | |
| 50. | Glenys Joy Bennett | Concerned with contaminants into sea, fire risk, bird strike, impact on native birds, Akatore Fault and outdated investigation | 14/11/2021 | No | Opposed |
| 51. | Andrew David Hutcheon | Concerned with discharge of waste and leachate to water and land, discharge of gas and odour to air. Concerned that tool used to obtain flood flows doesn't properly capture high and low flow regimes. Seismic risk not properly assessed. Negative impact on skinks as increase of rodents at landfill leads to increased feral cats and mustelids. Risk to NZ Falcons due to loss of habitat. Bird Strike | 14/11/2021 | Yes | Opposed |
| 52. | Director General of Conservation - Use for Ltd & Publicly Notified Consents | Seek to make a neutral submission but if consents are granted then conditions should be required to protect conservation values, including water level monitoring in wetlands, water quality and fish and invertebrate surveys, wetland health monitoring, ecological management plans, and provision to review consents if adverse environmental effects detected | 15/11/2021 | No | Neutral |
| 53. | Jennifer Alice Rose McLeod and Peter Andrew McLeod | Concerned with detrimental effect on property value, water quality, poisoned seagulls to their lifestyle block which would be harmful to livestock. Detrimental effect to wetlands and water quality, increased risk of fire. Deeply concerned about loss of land for road construction and waste blowing | 14/11/2021 | No | Opposed |

| | | | | | |
|-----|--------------------------------------|---|------------|-----|---------|
| | | on to their property - who is responsible for cleaning. | | | |
| 54. | Joshua George McLeod | Concerned amount of groundwater to be taken from Otokia catchment, pollution of Otokia Creek/Stream, loss of wetland, loss of habitat and wildlife. | 14/11/2021 | Yes | Opposed |
| 55. | Linda Reynolds | Concerned with water take and development affecting wetland, creek disturbance, effect of releasing effluent to local area, degradation of local environment, risk of birdstrike | 15/11/2021 | No | Opposed |
| 56. | Ōtokia Creek and Marsh Habitat Trust | Concerned ecological effects on wetlands are underestimated, critical of the EIANZ approach, negative impact on native aquatic life from leachate, leachate inadequately assessed and lack of long term water monitoring, Climate change not considered, fault lines not identified and long term effects of water pollutants which wont degrade. | 14/11/2021 | Yes | Opposed |
| 57. | Vianney Santagati | Concerned with loss of wetlands, position of landfill in a waterway and leachate running through Otokia Stream to Brighton Beach, loss of amenity and community enjoyment of Brighton Beach, lack of fire plan | 15/11/2021 | Yes | Opposed |
| 58. | John William Finlayson | Concerned that the application assessment was done in 1990s so is outdated, discharge of waste and leachate onto land and Otokia Creek, degradation of Otokia Creek (wildlife and habitat), destruction of wetlands, bird strike. Concerned that DCC have hastily submitted application in an attempt to get it non-notified and not too much | 14/11/2021 | Yes | Opposed |

| | | | | | |
|-----|--|--|------------|-----|---------|
| | | scrutiny. | | | |
| 59. | Judd, Stephanie Ann and Blair Ronald | Concerns with risk of leachate to Otokia Creek and Brighton Beach, fire risk, odours, increased risk of bird strike, LIM report did not refer to landfill designation near residence | 15/11/2021 | Yes | Opposed |
| 60. | Hans and Renate Scholz | Concerned with discharge of waste and leachate to land specifically beach. Concerned application was rushed so not affected by legislation change | 14/11/2021 | No | Opposed |
| 61. | South Coast Neighbourhood Society Incorporated | Concerned with leachate escaping into Otokia Creek and out to sea, negative impact on Otokia Creek, Wetlands, Brighton Beach and wider community, fire risk, bird strike risk, risk to Native Eastern Falcon and lizard habitat, odour, reduced flow in Otokia Catchment, application does not align with NES for Freshwater | 15/11/2021 | Yes | Opposed |
| 62. | Kenneth Fleck | Concerned about leachate to creek, smell, recreation on creek, damage to fish, bird strike, application submitted 4 days prior to change in NZ policy prohibiting this activity. | 14/11/2021 | No | Opposed |
| 63. | Kim Fleck | Concerned with Environmental degradation (odour, noise, leachate), Effects of climate change (high rain fall events), Personal well-being (social impact), Negative effect on bird and fish life, Bird Strike | 14/11/2021 | No | Opposed |
| 64. | Joseph William Hancock | Concerns with leachate into Okokia Creek and Brighton beach, odour, bird strike, extra traffic, fire risk and contrary to NESF | 14/11/2021 | No | Opposed |
| 65. | Pip Early | Concerned with degradation of Otokia waterway, traffic volume, fire risk | 11/11/2021 | Yes | Opposed |
| 66. | William Early | Concerned with degradation of | 11/11/2021 | Yes | Opposed |

| | | | | | |
|-----|--|---|------------|-----|---------|
| | | Otokia waterway, traffic volume, fire risk | | | |
| 67. | Brooke Searle | Potential protected site for ancient kelp forest (Uni Otago research study being carried out). Concerned with damage to protected bush 3km from property from discharge of leachate and waste | 11/11/2021 | Yes | Opposed |
| 68. | Patricia Elizabeth Clare Lindsay | Concerned with leachate to creek and beach, loss of recreation at beach and creek, loss of wetlands, is not aligned with ORC Local Governance Statement 2020 and ORC objectives. | 11/11/2021 | No | Opposed |
| 69. | Colin Leslie Weatherall | Concerns about the impact on the environment and | 12/11/2021 | Yes | Opposed |
| 70. | Paula Lee Hasler with support of Cycling Otago Inc | Concerned about negative impact on recreational users of the roads and the impact on the environment, natural landscape and character | 12/11/2021 | No | Opposed |
| 71. | Andrea Helen McMillan | Concerned about leachate and waste water entering freshwater source leading to Brighton Beach which would have been ruled out by NES for freshwater taking effect 4 days later, risk of birdstrike, discharges hazardous to wildlife and enjoyment of area, including native wildlife, fire risk, earthquake risk with potential for contamination of waterways, removal of scarce water from area, loss of wetlands and habitat, impact on health and wellbeing of community | 15/11/2021 | Yes | Opposed |
| 72. | Michelle Lobo | Concerned with pollution of tank water collected from roofs, draining of wetland, pollution of Otokia Creek, negative impact on community enjoyment of area, impact on flora | 15/11/2021 | Yes | Opposed |

| | | | | | |
|-----|---|--|------------|-----|---------|
| | | and fauna including native NZ falcons | | | |
| 73. | Simon Charles Hart | Concerned about leachate and waste water entering waterway that leads to Brighton Beach, impact of water take on flora and wildlife, fire risk, bird strike, social impact assessment considered only jobs and not health and wellbeing of community, increased traffic, proposal info not included in LIM report, negative impact on enjoyment of local area | 15/11/2021 | No | Opposed |
| 74. | Adrian Green on behalf of Saffhill Forestry Estates Limited | Concerned about the possibility of losing significant areas of trees if required to set back 10m from new road formation | 12/11/2021 | Yes | Neutral |
| 75. | Big Stone Forest Limited C/- Gallaway Cook Allan | Concerned about adverse effects on hydrology and water quality, habitat and indigenous biodiversity, fire risk, domestic water supplies, amenity of neighbouring properties from nuisances including odour, dust, pests, noise and contaminants; rural character, amenity and wellbeing; LIM report did not identify the landfill designation as being relevant to that land | 15/11/2021 | Yes | Opposed |
| 76. | William Leonard Leith | Concerned with potential impact on local environment, proximity to Otokia Creek which leads to Brighton Beach and runs through swamp lands with protected wildlife, proposal does not take into account changes in population of Brighton area and scientific progress since this site was selected in the 1990s. | 15/11/2021 | No | Opposed |
| 77. | Ailsa and Keith Lucking | Concerned with water and soil contamination, risk of fire and devastation of NZ Falcons | 12/11/2021 | Yes | Opposed |

| | | | | | |
|-----|-----------------------|--|------------|-----|---------|
| 78. | Al Duncan | Concerned with contamination, pollution and general damage to the natural surroundings | 12/11/2021 | No | Opposed |
| 79. | Cavan Bruce Jenkinson | Concerned with risk of spreading salmonella Enteritidis due to proximity to migration path of seagulls and other bird life; negative impact on wetland | 15/11/2021 | Yes | Opposed |
| 80. | Alan Tom Brown | Concerned with contamination, assessment of environmental effects, ecology, effects on wildlife. | 12/11/2021 | No | Opposed |
| 81. | Alexis Brown | contamination, species loss | 12/11/2021 | Yes | Opposed |
| 82. | Peter James Cheyne | Concerned about negative impact to water quality of Otokia stream and Brighton Beach; impact on residents and recreation in local area; proximity to airport with bird hazards | 15/11/2021 | No | Opposed |
| 83. | Andrew Raymond Peet | concerned with rubbish trucks on the roads and pollution to rivers and ocean | 12/11/2021 | Yes | Opposed |
| 84. | Anne-Marie Watson | concerned with water quality, damage to the environment and negative effect on wildlife | 12/11/2021 | Yes | Opposed |
| 85. | Annie Robinson | concerned about water quality at Brighton beach and the Creek | 12/11/2021 | No | Opposed |
| 86. | James Molloy | Concerned with risk of releasing hazardous materials in a significant seismic event- the seismic design for the project including land fill liner appears to have been based on NZS1170 Part 0 Importance 'Level 3' seismic design criteria, but it may be more appropriate to design to Importance NZS1170 Part 0 'Level 4' seismic design criteria | 15/11/2021 | Yes | Neutral |
| 87. | Anthony Wendell York | concerned with negative | 12/11/2021 | No | Opposed |

| | | | | | |
|-----|----------------------------------|---|------------|-----|---------|
| | | downstream effects and pollution specifically to Brighton Beach and Otaka Creek | | | |
| 88. | Otago Aero Club | Concerned about increased bird activity which will reduce aviation safety; also in support of the D.I.A.L. submission | 15/11/2021 | No | Opposed |
| 89. | Te Runanga o Otakou Incorporated | In support with regards to low degree of connection of the site with Ōtokia Creek, together with the changes in design to reduce the impact of the activity on wetlands in the area; support is subject to the adoption of the mitigation measures proposed in the amended cultural impact assessment lodged as part of the application | 15/11/2021 | Yes | Support |
| 90. | Stephen Alan Chittock | Concerned with loss and pollution of wetlands; pollution of Otokia Creek, Brighton Beach and inshore fisheries | 15/11/2021 | Yes | Opposed |
| 91. | Ingrid Leary M.P. | Concerned with negative impact on on community and rural amenity; ecological risk to wetland habitat; negative effects on waterways and catchments; contaminant effects; landfill fire risk; air safety relating to bird infestations; mana whenua concerns | 15/11/2021 | Yes | Opposed |
| 92. | Ingrid Leary M.P. | Concerned with negative impact on on community and rural amenity; ecological risk to wetland habitat; negative effects on waterways and catchments; contaminant effects; landfill fire risk; air safety relating to bird infestations; mana whenua | 15/11/2021 | Yes | Opposed |

| | | | | | |
|-----|---------------------------|---|------------|-----|---------|
| | | concerns | | | |
| 93. | Joanne Gail Henderson | Concerned about contamination of Brighton Beach and Otokia Creek, and impact on endangered wildlife species | 15/11/2021 | No | Opposed |
| 94. | Suzanne Middleton | Concerned about pollution of Otokia Stream and Brighton Estuary, impact on wildlife and native plants, DCC could be focussing on reducing waste, increasing composting and recycling rather than creating a new landfill | 15/11/2021 | No | Opposed |
| 95. | Dr Rebecca Cumming | Concerned about: decline of native flora and fauna; impact of leachate and contaminants on surrounding areas; bird strike at Dunedin airport; fire risk; increased traffic; increased dust and rubbish blowing off trailers; odour | 15/11/2021 | Yes | Opposed |
| 96. | Simon Andrew Laing | Concerned that leachate contamination risk has not been adequately assessed; negative impact on general public perception of Otokia Creek as a safe place to swim; landfill liner has not been engineered with consideration for recent research by seismologists | 15/11/2021 | Yes | Opposed |
| 97. | Bruce and Lesley McMillan | Concerned that the discharge of contaminants into McColl/Otokai Creek will contaminate wetlands/ponds in the area, concerned where the ground water will come from, traffic on Big Stone Road and fire risk. Also has concerns about bird strike | 12/11/2021 | No | Opposed |

| | | | | | |
|------|----------------------------|--|------------|-----|---------|
| 98. | Sandra and Christian Rampe | Opposes due to odour, increased traffic and associated noise, fire risk, water and air contamination, bird strike and contamination of Otokai Creek and then subsequently Brighton Beach | 12/11/2021 | No | Opposed |
| 99. | Alistair McPhee | Concerned about the ecological and archaeological impact | 12/11/2021 | No | Opposed |
| 100. | Benjamin Shayler | Water contamination at Brighton beach and Otaka Stream | 12/11/2021 | Yes | Opposed |
| 101. | Brent Craik | pollution of waterways | 12/11/2021 | Yes | Opposed |
| 102. | Brian and Mandie Langley | incorrect naming of tender naming, risk of fires, pollution of waterways | 12/11/2021 | Yes | Opposed |
| 103. | Res.Awesome Limited | Concerned about not meeting DCC commitment to Zero Waste and Carbon Zero by 2030; more modern innovation/technology could be used to manage waste; proposed site not suitable for groundwater take; negative impact on local ecosystems; impact of toxins and leachate on natural area and community/visitors/future generations | 15/11/2021 | Yes | Opposed |
| 104. | Brian Allan Bolt | concerned with pollution to waterways and beach, loss of recreation and wildlife | 12/11/2021 | Yes | Opposed |
| 105. | Zoe Hill | Concerned about pollution of creek and beach, earthquake risk, bird strike | 12/11/2021 | Yes | Opposed |
| 106. | Brighton Pony Club | Increased traffic and associated risk to riders, water contamination, pollution and increased pest numbers | 12/11/2021 | Yes | Opposed |
| 107. | Zachary Williams | Concerned about contamination, species loss, water quality and | 12/11/2021 | Yes | Opposed |

| | | | | | |
|------|-------------------------------|---|------------|-----|---------|
| | | swimming | | | |
| 108. | Bronwyn Bowler | Concerned about short and long term effects on environment, nature and beach; increased traffic of large vehicles and danger to pedestrians | 12/11/2021 | No | Opposed |
| 109. | Will Robinson | Concerned about contamination of creek and impact on swimming | 12/11/2021 | No | Opposed |
| 110. | Victoria Elizabeth Watt | Concerned about pollution of creek running through native bush; effects on wildlife; effects on wetlands; destruction of the site at Smooth Hill; pollution leaching onto Brighton Beach | 12/11/2021 | Yes | Opposed |
| 111. | Bronwyn Anne Miles | Concerned about risk of contamination to rivers, risk of fire and loss of flora and fauna, increased traffic on road and contamination at property in strong winds | 12/11/2021 | Yes | Opposed |
| 112. | Carol Dawn Fibbes | Concerned about the contamination to rivers and the risk to whitebait, flatties, eels etc | 12/11/2021 | No | Opposed |
| 113. | Carol Maree Dempster | Concerned about the risk of contamination leaching in to local rivers and risk to ecosystems and coast | 12/11/2021 | Yes | Opposed |
| 114. | Castipher Benjamin McSkimming | Concerned about water quality and wild life | 12/11/2021 | No | Opposed |
| 115. | Vic Inglis | Concerned about proposal not showing on submitter's LIM, potential for contamination of the popular Brighton Beach, lowering value of submitter's property, proposed landfill breaches Freshwater Act | 12/11/2021 | No | Opposed |

| | | | | | |
|------|------------------------|--|------------|-----|---------|
| 116. | Catherine Jane Shayler | Concerned about water contamination | 12/11/2021 | Yes | Opposed |
| 117. | Trevor Griffin | Concerned with long term creek pollution of the Brighton creek/Taieri river | 12/11/2021 | Yes | Opposed |
| 118. | Timothy John Walsh | Concerned that pollution (chemical, air blown rubbish) will not be well managed, concerned about rodents, wild cats, leachate penetrating landfill walls, risk to Otokia and future generations not being able to use beach and estuary for swimming | 12/11/2021 | No | Opposed |
| 119. | Terry McLaren | Concerned about pollution of creek and beach, negative impact on lifestyle in Brighton, impact on property prices, schooling and local clubs | 12/11/2021 | No | Opposed |
| 120. | Teresa Williams | Concerned with water contamination, native wildlife impacts, timing of the application before the now current NES for Freshwater which the application does not align with | 12/11/2021 | Yes | Opposed |
| 121. | Teena Ann Joyce | Concerned with pollution and contamination of Brighton Beach and impact on users of these areas, surrounding coast and Otokia Creek, disruption to wildlife including Native Eastern Falcon, potential contamination of fish as a food source, DCC should be focussing on Zero Waste targets | 12/11/2021 | No | Opposed |
| 122. | Sydney Brown | Concerned about contamination, effects on ecology, impact of | 12/11/2021 | No | Opposed |

| | | | | | |
|------|-------------------------------|--|------------|-----|---------|
| | | leaching on Brighton Beach | | | |
| 123. | Suzanne Tracey Jayne Rule | Concerned with pollution of Otokia Creek and Brighton Beach, loss of wetland and wildlife, fire risk, earthquake risk, risk to flights to/from Dunedin Airport | 12/11/2021 | No | Opposed |
| 124. | Susannah Mary Yeoman | Concerned about creek pollution, negative impacts on wildlife, wetlands, community wellbeing and ecology | 12/11/2021 | Yes | Opposed |
| 125. | Chris Perkins | concerned with old data being used, environmental impact on breach and Otaka creek | 12/11/2021 | No | Opposed |
| 126. | Susanah Elizabeth-Jean Walker | Concerned about water contamination, negative impacts on beaches and swimming holes, increased traffic and odour | 12/11/2021 | Yes | Opposed |
| 127. | Dallas Andrew Hamilton | Concerned about water contamination, fear of pollution of local waterways, fire risk | 12/11/2021 | Yes | Opposed |
| 128. | Stuart Nicholson | Concerns about fire risk, wildlife danger, human safety, impact on beach activities, transport cost | 12/11/2021 | No | Opposed |
| 129. | Daniel West | Concerned about assessment of effects and flood water flows | 12/11/2021 | No | Opposed |
| 130. | Daphne Frances McCabe | Concerned about toxic pollution in water downstream, native species adversely affected in waterways, increase in seagull population affecting airport | 12/11/2021 | No | Opposed |
| 131. | Stephen Baker | Concerns about pollution and its impact on future generations | 12/11/2021 | No | Opposed |

| | | | | | |
|------|--------------------------------|--|------------|-----|---------|
| 132. | Deborah Tomlin | Concerned about earthquake risk due to proximity of Akatore fault, bird strike, fire risk | 12/11/2021 | Yes | Opposed |
| 133. | Stephanie Bingle | Concerned about pollution of creek, bird strike, odour, impact on fishing, loss of recreational value, different locations north of Dunedin could be used for landfill | 12/11/2021 | No | Opposed |
| 134. | Diane Ruth Hamilton | Concerned about fire risk, water contamination, fear of pollution of local waterways, loss of recreational value, adverse effects on the surrounding area | 12/11/2021 | Yes | Opposed |
| 135. | Dolores Nabbs | Concerned about water quality, effects on bird life (especially penguins), inability to swim in the creek outlets due to water contamination, inability to collect safe seafood, adverse effects on wetlands and falcon breeding | 12/11/2021 | No | Opposed |
| 136. | Duncan Todd Wall | Concerned about toxins leaching into creek, odour travelling down the creek, increased traffic through Brighton | 12/11/2021 | No | Opposed |
| 137. | Eduardo Lobo Altire | Concerned about potential contamination of the Otokia stream | 12/11/2021 | Yes | Opposed |
| 138. | Eileen Christine Shaw | Concerned about environmental effects, bird strike, species of birds and fish | 12/11/2021 | No | Opposed |
| 139. | Elise Anne McGillivray | Concerned about the contamination of the environment, negative impacts on wildlife (especially native wildlife), the lack of a fire plan | 12/11/2021 | Yes | Opposed |
| 140. | Elizabeth and Richard Campbell | Concerned about water contamination and leaching into recreation swimming areas, species loss, risk of fire (especially with no plan in place) | 12/11/2021 | Yes | Opposed |

| | | | | | |
|------|---------------------------|--|------------|-----|---------|
| 141. | Stella Brown | Concerned about negative impact on native species, rubbish going into the wild | 12/11/2021 | Yes | Opposed |
| 142. | Emma Hands | Concerned about the community and tourism activity, pollution in Otokia creek and surrounding beach waters, effects on wildlife and future generations | 12/11/2021 | Yes | Opposed |
| 143. | Simon Walker | Concerned about pollution of local waterways, loss of recreational value, losing the right to gather fresh seafood, risk to health with swimming and surfing | 12/11/2021 | Yes | Opposed |
| 144. | Flynn Walsh | Concerned about pollution | 12/11/2021 | No | Opposed |
| 145. | Frances Ella Booth | Concerned about contamination, risk of fire, species loss | 12/11/2021 | Yes | Opposed |
| 146. | Simon Hendry | Concerned with pollution of local waterways | 12/11/2021 | Yes | Opposed |
| 147. | Colin James Astle | Concerned about contamination of beach, waterways, wildlife, loss of recreations. | 12/11/2021 | Yes | Opposed |
| 148. | Frances Elizabeth Rae | Concerned about water quality, pollution (leaching), fire risk | 12/11/2021 | No | Opposed |
| 149. | Coleen Elizabeth Fletcher | Concerned about impact on lifestyle, scenery, wildlife, and pollution of the creek | 12/11/2021 | Yes | Opposed |
| 150. | Sienna Walker | Concerned with water contamination, wildlife loss, odour, increased traffic (trucks) | 12/11/2021 | Yes | Opposed |
| 151. | Fraser Hawker | Concerned about fire risk, bird strike, water contamination, pollution of Brighton beach | 12/11/2021 | No | Opposed |
| 152. | Shona Janine Williers | Concerned with safety for recreation | 12/11/2021 | Yes | Opposed |

| | | | | | |
|------|---------------------------|---|------------|-----|---------|
| | | swimming at Brighton Beach, leakage of landfill at creek origin, fire risk, negative impact on environment/native wildlife | | | |
| 153. | Garry and Susan Irvine | Concerned about fire risk, pest control, increased seagull population affecting other bird species, pollution by rubbish blown by the wind | 12/11/2021 | Yes | Opposed |
| 154. | Laurence William Ashworth | Concerned with contamination of creeks and waterways, leaching of contaminants into sub-soil, fire risk, increased traffic, air pollution | 12/11/2021 | Yes | Opposed |
| 155. | Gary and Chelsea Topping | Concerned about water contamination, pollution, habitat loss | 12/11/2021 | Yes | Opposed |
| 156. | Leith Conway | concerned with water quality and risk to wildlife | 12/11/2021 | Yes | Opposed |
| 157. | Shirley Shackelford | Concerns about fire risk, odour, impact on Brighton lifestyle, swimming, roads (increased traffic), waterways and enjoyment of local area, increased dust, decrease in property value, impact on mental health of residents | 12/11/2021 | Yes | Opposed |
| 158. | Leo Hill | concerned with pollution, risk to wildlife, water contamination | 12/11/2021 | Yes | Opposed |
| 159. | Gregory Jolly | Concerned about contamination, risk of fire, noise | 12/11/2021 | Yes | Opposed |
| 160. | Heath Rattan | Concerned about species loss, risk of health issues, contamination | 12/11/2021 | Yes | Opposed |
| 161. | Lloyd Robert Meikle | concerned with pollution to Otakia creek, contamination of beach, fire risk, airport risk | 12/11/2021 | Yes | Opposed |
| 162. | Heidi and Philip Newman | Concerned about water and soil contamination, maintaining a healthy habitat for native eels, fish and plant life | 12/11/2021 | Yes | Opposed |

| | | | | | |
|------|------------------------------|--|------------|-----|---------|
| 163. | Sheila Mary Wall | Concerned about pollution of local waterways, impact on community and children who play in the water, potential of runoff | 12/11/2021 | Yes | Opposed |
| 164. | Loveday Rose Why | Concerned about contaminants leaching into Otokia Creek, impact on recreation, natural beauty, community and whanau value, landfill does not align with NES for Freshwater | 12/11/2021 | Yes | Opposed |
| 165. | Honor Jackson Seatter | Concerned about contamination of beach, heavy vehicle traffic, general pollution of the surrounding area (including houses and farmland) | 12/11/2021 | No | Opposed |
| 166. | Lyle Cottenden | concerned with contamination, habitat/species loss, risk of fire, bird strike, value of property in Brighton | 12/11/2021 | No | Opposed |
| 167. | Sheena Kirkland | Concerned about contamination of Otokia Creek and impact on recreation, application appears to have been rushed before new NES for Freshwater, landfill proposal does not fit with political landscape of aiming to clean up waterways | 12/11/2021 | No | Opposed |
| 168. | Lyn McLaren | concerned with impact on environment, pollution of creek and beach, odour and property values | 12/11/2021 | No | Opposed |
| 169. | Shea Louise Corrigan | Concerns about pollution, contamination, increased traffic and impact on swimming and freedom | 12/11/2021 | Yes | Opposed |
| 170. | Isabella Mary Lillian Yeoman | Concerned about harm to wildlife and pollution | 12/11/2021 | Yes | Opposed |
| 171. | Lynda Power | concerned with pollution, risk of fires, | 12/11/2021 | Yes | Opposed |
| 172. | Jack David Yeoman | Concerned about pollution in Otokia | 12/11/2021 | No | Opposed |

| | | | | | |
|------|-------------------------|--|------------|-----|---------|
| | | creek, harm to plants and wildlife | | | |
| 173. | Shane Turner | Concerns about odour, bird strike, community wellbeing, future generations, proximity to airport, Brighton area has changed significantly since site was first identified, impact on environment | 12/11/2021 | Yes | Opposed |
| 174. | Malachi Turner | concerned about pollution, damage to wetlands, lizards and falcons | 12/11/2021 | Yes | Opposed |
| 175. | Jenny Evington | Concerned about water contamination, loss of wetlands, impact on native species | 12/11/2021 | No | Opposed |
| 176. | Marc Yeoman | concerned about impact on wildlife, impact on community wellbeing, impact on health, fear of environmental disaster due to Akatore fault line | 12/11/2021 | Yes | Opposed |
| 177. | Shane Michael Meade | Concerned about water contamination, ecology, effect on wildlife, constant traffic through Ocean View and Brighton | 12/11/2021 | No | Opposed |
| 178. | Marina and Pete Conway | concerned with water contamination, fire risk, loss of wildlife, negative impact on community well-being, bird strike, odour, future generations use of beach | 12/11/2021 | Yes | Opposed |
| 179. | Scott James Garth | Concerns about water contamination, community safety and wellbeing, loss of Eastern Falcon habitat, decrease in property value, impact on the school if less families wish to live in the area | 12/11/2021 | Yes | Opposed |
| 180. | Marissa Conway | concerned about polluted water and no wildlife | 12/11/2021 | Yes | Opposed |
| 181. | Jillianne Margaret York | Concerned about the location of the | 12/11/2021 | No | Opposed |

| | | | | | |
|------|-----------------------------|--|------------|-----|---------|
| | | landfill due to contamination of the beach and surrounding native vegetation | | | |
| 182. | Marissa Rogers | concerned with pollution, effected on bird and wildlife, odour, community well-being and increased traffic and noise | 12/11/2021 | Yes | Opposed |
| 183. | John Matthew Crawford-Smith | Concerned about contamination into waterways via leeching, fire risk | 12/11/2021 | No | Opposed |
| 184. | Mark Baxter | concerned with long-term environment cost - contamination, risk of fire, species | 12/11/2021 | No | Opposed |
| 185. | John McNicon Seatter | Concerned about contamination, heavy traffic, pollution | 12/11/2021 | No | Opposed |
| 186. | Mark McNabb | concerned with pollution and contamination of the creek as it will affect their ability to fish for whitebait and lobsters and swimming | 12/11/2021 | Yes | Opposed |
| 187. | Sasha Turner | Concerns about water contamination, leaching, application does not align with NES for Freshwater, impact on leisure, landfill close to the Akatore fault line, the water assessment is insufficient to eliminate major floods as an environmental risk, impact on native species | 12/11/2021 | Yes | Opposed |
| 188. | Sarah and Justin Mitchell | Concerned about environmental effects of contamination/pollution, species loss, attraction of pests, fire risk, impact on future family using the area | 12/11/2021 | No | Opposed |
| 189. | Judith van Aalst | Concerned about water and soil contamination, fire risk, pollution, loss of species | 12/11/2021 | Yes | Opposed |
| 190. | Sandra May Craik | Concerns about contamination, | 12/11/2021 | Yes | Opposed |

| | | | | | |
|------|----------------------------|---|------------|-----|---------|
| | | pollution, loss of wildlife to wetlands, impact on mental health and welfare of local residents and species | | | |
| 191. | Jonathan Friedlander | Concerned about pollution, leachate, increased traffic | 12/11/2021 | No | Opposed |
| 192. | Sally Tanner | Concerned about environmental impact i.e. leaching and contamination of waterway, pollution, impact on species habitat, visual impact on area | 12/11/2021 | Yes | Opposed |
| 193. | Mary Clare Hambly | Concerned with contamination of Otokia creek, waters, loss of wetlands, loss of habitat, affects on wildlife particularly loss of breeding grounds for native falcons | 12/11/2021 | No | Opposed |
| 194. | Ryan Hanna | Concerns about contamination, water quality, wildlife, impact on use of area for swimming/fishing/surfing in the future | 12/11/2021 | No | Opposed |
| 195. | Max McNabb | concerned with smell, pollution of creek and loss of recreation and wildlife | 12/11/2021 | Yes | Opposed |
| 196. | Maxwell John Douglas Walsh | concerned with contamination of river and sea, loss of swimming, pollution, increased green house gasses, nitrogen in local area, Brighton becoming a ghost town | 12/11/2021 | Yes | Opposed |
| 197. | Megan Anne Meade | concerned with beach contamination | 12/11/2021 | No | Opposed |
| 198. | Rosanna Hill | Concerns about pollution, contamination of Otokia creek, loss of wetlands and habit for wildlife, Akatore fault near landfill site, landfill contradicts NES for Freshwater | 12/11/2021 | Yes | Opposed |
| 199. | Michael Ralph Ward | concerned with pollution of Brighton | 12/11/2021 | Yes | Opposed |

| | | | | | |
|------|---------------------------|---|------------|-----|---------|
| | | beach and Brighton creek | | | |
| 200. | Karen and Jeff Ede | concerned with effect on wildlife, beaches, creek, contamination, fire risk and property value | 12/11/2021 | Yes | Opposed |
| 201. | Rodney McCabe | Concerns about impact of contamination on environment and wildlife | 12/11/2021 | No | Opposed |
| 202. | Julie Hill | concerned with contamination, noise and odour | 12/11/2021 | No | Opposed |
| 203. | Justin Rackham | concerned with creek pollution, beach pollution, earthquake risk | 12/11/2021 | Yes | Opposed |
| 204. | Karen Julie Beattie | concerned with bird strike, run off, contamination and pollution of beaches, waterways including underground streams, earthquake risk | 12/11/2021 | No | Opposed |
| 205. | Ray Beattie | Concerns about water contamination, bird strike, earthquakes, adverse effects on fish life and shellfish, negative impact on the beach | 12/11/2021 | Yes | Opposed |
| 206. | Kay Baker | concerned about water contamination, danger to wildlife, destroying wetlands, extra traffic | 12/11/2021 | No | Opposed |
| 207. | Ramsey Elizabeth Ashworth | Concerns about fire risk, loss of nature and impact on recreation, loss of habitat for native species, contamination, impact on marine life, visual impact, effect on property prices, funding could be used for eco-friendly furnace | 12/11/2021 | Yes | Opposed |
| 208. | Kaye Christine Wilson | concerned with increased traffic, contamination from leachate into Otakia creek and beach, risk of earthquake, increase in | 12/11/2021 | No | Opposed |

| | | | | | |
|------|--|--|------------|-----|---------|
| | | pests/rodents and decrease in endangered species. | | | |
| 209. | Kieran, Lauren, Pipa, Libby and Dion Mooyman | concerned with fire risk, unwanted seagulls, loss of wildlife, impact on swimming at beach and Otakia stream, assessment 30 years old so out of date. | 12/11/2021 | Yes | Opposed |
| 210. | Kieran Thornton | concerned with contamination and pollution of creek and beach, species loss, negative impact on wildlife, risk of fire and odour | 12/11/2021 | Yes | Opposed |
| 211. | Peter Schenk | Concerns about water and environment pollution, impact on swimming and surfing at the beach, impact on water species | 12/11/2021 | No | Opposed |
| 212. | Paul Rutter | Concerned about water contamination, impact on fishing/swimming, impact on wildlife and birds, Brighton area has changed, 30 year old plan should be revisited | 12/11/2021 | No | Opposed |
| 213. | Kim Peet | concerned with water contamination, impact on native wildlife and habitat | 12/11/2021 | Yes | Opposed |
| 214. | Kiri Lee Young | concerned with water contamination, pests, road safety and effect of livestock | 12/11/2021 | Yes | Opposed |
| 215. | Pamela Meikle | Concerned with contamination, fire risk, traffic, pollution, odour, species loss, impact on wildlife | 12/11/2021 | Yes | Opposed |
| 216. | Kirsty Rackham | concerned with water contamination (beach and wetlands) | 12/11/2021 | Yes | Opposed |
| 217. | Nikita Alice Thompson | Concerns about impact on recreational use of local area, pollution, application lodged only 4 days before new NES for | 12/11/2021 | No | Opposed |

| | | | | | |
|------|--------------------|---|------------|-----|---------|
| | | Freshwater, Akatore fault, increased traffic, risk of birdstrike, application based on 30 years ago and Brighton has changed since then | | | |
| 218. | Kris Mullen | concerned with contamination to creek and beach, pollution of leachate, loss of species, unsafe to swim | 12/11/2021 | Yes | Opposed |
| 219. | Ngarimu Erica Pere | Concerned about water contamination and environmental impacts, negative impact on native wildlife, fire risk, odour, effect on community wellbeing and livelihood | 12/11/2021 | Yes | Opposed |
| 220. | Kylie Johnston | concerned with water contamination, risk to swimming, social well-being of community and negative impact on property values | 12/11/2021 | No | Opposed |
| 221. | Nathan Aaron Hill | Concerned about water contamination, fire risk, species loss, negative impact on community and wetlands | 12/11/2021 | Yes | Opposed |
| 222. | Angela Hancock | Concerns about negative impact on wetlands, proposal launched shortly before new NES for Freshwater, could be consider more environmentally friendly options, negative effect on flora and fauna, odour, bird strike, proximity to Akatore Faultline with potential leakage from earthquakes, risk of flood events that could cause contaminated water to escape, negative impact on property values and community wellbeing, proposal does not align with DCC Zero waste targets | 15/11/2021 | No | Opposed |

| | | | | | |
|------|-------------------------------|---|------------|-----|---------|
| 223. | Margaret Lenore Bell | Concerned that application appears to have been made to circumvent new regulations, concerns about negative impacts on environment and community enjoyment/recreation | 15/11/2021 | Yes | Opposed |
| 224. | Otago Fish and Game Council | Submitting in a neutral capacity but recommend the Landfill Management Plan be developed prior to a decision, to include at minimum: Trigger values and water quality standard for the discharge and the receiving waters, a plan that identifies actions as to what must happen if exceeded, and an ability for the public to provide feedback | 15/11/2021 | No | Neutral |
| 225. | Aaron Leo Michael Broekhuysen | Concerned about the environmental effects and local ecology | 15/11/2021 | No | Opposed |
| 226. | Anna Poole | Concerned about destroying the habitat of wildlife, making Brighton beach unsafe to swim in, impacting the surrounding area for the local community. | 15/11/2021 | No | Opposed |
| 227. | Alex MacNeille | Concerns about air and water pollution, habitat loss, wildlife stress, zero waste policy, traffic increase, recreation loss, recreation, airport safety, proximity to coast | 15/11/2021 | No | Opposed |
| 228. | Mahanga Hart | Concerned about negative environmental impact that does not seem to have been thought through | 12/11/2021 | No | Opposed |
| 229. | Beverley Crawford | Concerned about water pollution running into Brighton beach and impacting children's health | 15/11/2021 | No | Opposed |
| 230. | Patricia Margaret Stagg | Concerned with adverse effects on property value, fire risk, close to | 15/11/2021 | Yes | Opposed |

| | | | | | |
|------|---------------------------------------|---|------------|-----|---------|
| | | Akatore Fault line, pollution, impact on recreation, effect on natives and wildlife | | | |
| 231. | Diana Duckworth | Concerned about pollution leeching into the river mouth | 15/11/2021 | Yes | Opposed |
| 232. | Dennis Jon Kahui | Concerns about leaching and negative impact on Otokia creek and marsh, and impact on plants, birds, insects, water species and the community | 15/11/2021 | Yes | Opposed |
| 233. | Mitchell Todd | Concerned about destroying the wildlife habitat near Brighton beach, water pollution into the beach from the river | 15/11/2021 | No | Opposed |
| 234. | Pepa Cloughley | Concerned about impact on swimming and surfing at Brighton Beach, toxic waste leaching onto beach | 15/11/2021 | No | Opposed |
| 235. | Nicole Maria Victoria Roche | Concerned about destroying the wildlife habitat near Brighton beach | 15/11/2021 | No | Opposed |
| 236. | Eric Barry and Alannah Marie McLellan | Concerned about impact on recreation on and around Big Stone Road, increased traffic, decreased property values, fire risk, inability to use Brighton Beach and Otokia creek, impact on community and environment, not meeting the NES for Freshwater | 15/11/2021 | Yes | Opposed |
| 237. | Philippa Wright | Concerned with ecological disturbance, water and soil contamination, earthquake, fire risk, bird strike, unknown impacts of climate change, impact on community wellbeing and recreation | 15/11/2021 | No | Opposed |

| | | | | | |
|------|-------------------------------|--|------------|-----|---------|
| 238. | David John Grant | Concerned about water contamination of Otokia river and local beach and the impact of this on school aquatics programmes | 15/11/2021 | No | Opposed |
| 239. | Christopher Stephen Green | Concerns about contamination, fire risk, species loss | 15/11/2021 | Yes | Opposed |
| 240. | Noel Delahunt | Concerned about water and soil contamination (especially Otokia stream), fire risk | 15/11/2021 | Yes | Opposed |
| 241. | Robert Stuart Watt | Concerns about seagulls close to the airport, pollution through the stream to the coast, traffic, destruction of natural environment, other solutions to waste problems e.g. look to Norway and Sweden | 15/11/2021 | Yes | Opposed |
| 242. | Rodger and Margaret Anderson | Concerns about loss of wetland environment for endangered wildlife species, risk of bird strike at Dunedin Airport | 15/11/2021 | No | Opposed |
| 243. | Suzanne Ronaldine Broekhuysse | Concerned about severely impacting the environmental and water quality values (especially to Otokia creek and Brighton beach) | 15/11/2021 | No | Opposed |
| 244. | Hilary Jean Harrison | Concerns about water contamination, pollution of local waterways, loss of recreational value, effect on future generations ability to safely swim in Otokia creek and Brighton beach | 15/11/2021 | Yes | Opposed |
| 245. | Rosie Davison | Concerns about water contamination, effects on native animals, new landfill will not help with working towards zero waste in Dunedin | 15/11/2021 | Yes | Opposed |

| | | | | | |
|------|---|--|------------|-----|---------|
| 246. | Ruby Anne Mcmillan Hart | Concerned about effects on community wellbeing, environment, bird habitats, impact on enjoyment of beach and damage to waterways | 15/11/2021 | No | Opposed |
| 247. | Sharron Lee Tomlinson and Allan John Johnston | dont want it, bird strike | 15/11/2021 | No | Opposed |
| 248. | Joanne Margaret and Robert McKellar Baxter | Concerned about environmental impact, pollution, increased traffic, risk to Brighton beach from contamination | 15/11/2021 | No | Opposed |
| 249. | Stevie Kahui | Concerns about impact on wildlife, unsafe to swim, polluted water | 15/11/2021 | No | Opposed |
| 250. | Taisja Kahui | Concerns about pollution of Otokia Creek, negative impact on animals, wetlands, local residents, smells, new ways could be better for future generations | 15/11/2021 | No | Opposed |
| 251. | Sally Helena and Craig C Scott | Concerns about fire, contamination, safety of residents in the area, increased trucks on road, impact on recreation | 15/11/2021 | No | Opposed |
| 252. | Kyle Buckley-Beman | Concerns about water contamination, impact on wildlife, scenery, smells, recreation, will feel unsafe to use the beach and Otokia creek | 15/11/2021 | No | Opposed |
| 253. | Sally K Crimp | Concerned about leaching, contamination of fragile eco-systems that wetlands support, leaching into beaches, impact on beach users, use of report that was from 30 years ago | 15/11/2021 | Yes | Opposed |

| | | | | | |
|------|----------------------|--|------------|-----|---------|
| 254. | Anne-Claire Mauger | Concerned about ecological impact on water quality and wildlife, undermining community efforts to restore native taonga and water quality and to reinforce mahinga kai practice, lack of consideration of alternatives to landfill, lack of documentation regarding leachate and infiltration, absence of wildlife and vegetation restoration management plan, poor archeological assessment | 15/11/2021 | Yes | Opposed |
| 255. | Lyndon Weggery | Concerns about proportion of DCC waste vs. commercial waste going to the landfill, questioning necessity of Smooth Hill location if DCC meets zero waste goals | 15/11/2021 | No | Opposed |
| 256. | Generation Zero | Concerns about failure to accompany this project with serious waste reduction policies that move towards a circular system, impacts on community, Otokia creek, Brighton beach, fire risk, attracting birds with risk of airstrike, odour, air and water quality | 15/11/2021 | Yes | Opposed |
| 257. | Brian Lungley | Concerns about adverse effects on environment and neighbouring residents, toxic waste entering waterways over time, fire risk, use of the word 'enable' in the tender name | 15/11/2021 | Yes | Opposed |
| 258. | Liam Alistair Scaife | Concerned about environmental effects, adjacent to waterway and wetland, impact on quality of waterway | 15/11/2021 | No | Opposed |

| | | | | | |
|------|-----------------------|--|------------|-----|---------|
| 259. | Forest and Bird | "Concerned with adverse effects on indigenous biodiversity and habitats, hydrology and impact on wetlands, water quality of the Ōtokia Creek, Graybrook Stream, Fern Stream and Flax; application submitted days before NPS-FM 2020 and NES-F came into effect stream and receiving coastal waters" | 15/11/2021 | Yes | Opposed |
| 260. | Jeremy Nicholas White | Concerns about adverse impacts on recreational use of Brighton Beach and Otokia Creek, impacts on water quality and wetlands, application lodged 4 days before this action would have been prohibited, does not align with NES for Freshwater, make-up of community has changed since the original application | 12/11/2021 | No | Opposed |
| 261. | Jessie Scoullar | Concerns about water contamination, damage to wildlife, impact on smells, scenery, recreation, not safe to swim | 12/11/2021 | No | Opposed |
| 262. | Katrina McKenzie | Concerned about meeting NZ climate change commitments and reduction of methane emissions; lack of consideration for modern waste disposal technologies | 12/11/2021 | Yes | Opposed |
| 263. | Martyn Colin Solomon | Concerned that land fill will drain into the Otokia Creek and Brighton Beach, the Akatore fault line has not been identified in original application, does not align with NES for Freshwater, potential harm to human and wildlife users of beach and creek, negative impact on community | 12/11/2021 | No | Opposed |

| | | | | | |
|------|-------------------------------|--|------------|-----|---------|
| 264. | Michele Newman | Concerned with flood risk, leachate from landfill through Otokia river to outlet and main beach, any leachate as well as diversion of water for this consent would negatively impact the local ecosystem including native wildlife species and balance between drought conditions and flooding | 12/11/2021 | No | Opposed |
| 265. | Munirah Burra | Concerns about environmental effects to waterways, wildlife, odour, fire, bird strike and siting in relation to airports, community and personal hauora tonutanga | 12/11/2021 | Yes | Opposed |
