Subject: RE: Evidence and Minute 5 uploaded to website

Kia ora Jack

There's been an issue at Forest & Bird's end where minutes were not going to the right e-mails and unfortunately, we have missed the deadline for letting you know that we still wish to be heard. We do wish to be heard and at least present legal submissions (but currently working out anticipated timing).

We would be grateful if you can confirm whether we can still present within the weeks noted in Minute 1?

Kā mihi nui

Kia ora koutou.

All evidence that has been submitted thus far is now available on the website – I will link it below.

Minute 5 released by the Chair of the Freshwater Panel is now too available on the website.

Tomorrow I will not be readily available as I am on leave, however will check my emails from time to time.

I hope you all have an enjoyable Friday and, subsequently, weekend. 😊
