

BEFORE THE INDEPENDENT COMMISSIONER HEARINGS PANEL

IN THE MATTER of the Resource Management Act 1991 (RMA)

AND

IN THE MATTER of the MP4 resource consent applications
(RM24.184, WDC 201.2024.2373 and DCC LUC-
2024-126)

MEMORANDUM ON BEHALF OF OCEANA GOLD NEW ZEALAND LIMITED

Dated 10 November 2025

Counsel acting:

Pip Walker
Pip Walker Environment Law
271 Hillhead Road, Dunedin
P 022 044 2631
pip.walker@environmentlaw.nz

MAY IT PLEASE THE COMMISSIONERS:

1. This Memorandum is filed on behalf of the applicant, Oceana Gold (New Zealand) Limited (**OGNZL**).
2. OGNZL continues to consider how best to address the recommendations in the section 42A reports and to engage with Runāka about the issues they have raised. In the interim OGNZL has now obtained resource consents that allow operations at Macraes Mine to continue over the coming number of years. This timeline affords the opportunity to reassess the Macraes Phase 4 project and make fresh applications in the future.
3. Accordingly, OGNZL is in the process of withdrawing the MP4 applications (RM24.184, WDC 201.2024.2373 and DCC LUC-2024-126) which had been filed with WDC, DCC and ORC. OGNZL expects to formally withdraw the applications by 14 November and confirms that a hearing is no longer required.
4. OGNZL thanks the Panel and submitters for their patience.

Dated this 10th day of November 2025

A handwritten signature in black ink, appearing to read 'P. Walker', is positioned above the printed name.

P Walker

Counsel for Oceana Gold (New Zealand) Limited
