

# Gecko

vs.

# Skink

*Baggy, velvet-like skin*

*Wide head*

*Wide toes*

*New Zealand geckos  
have no moveable eyelids –  
they lick their eyes to  
keep them moist!*

*Narrow head*

*Narrow toes*

*Smooth, shiny skin*

*Small eyes,  
round pupils*

*Skinks blink –  
they have  
moveable eyelids!*
