My submission is Like many in Arrowtown I would happily take the bus to work in Queenstown if it utilized Malaghans Rd. Currently if I take the bus at 734am I arrive 15mins late for work at 8am and if I take the 515pm back to Arrowtown I'm not home until well after 615pm. This is time I'm not willing to loose with my family at a busy time of day. An Arrowtown Express service at peak times would be well patronised.
