My submission is

I would like to see a clip on bridge over the Upuk River for cyclists as well as a trail out to Sinclair Rd.
We love biking in and out of Te Anau with our children but find the Milford Road is too busy and there is no shoulder on the road. We are often towing our child in a bike trailer which is just too wide for the existing road. To have a trail out to Sinclair Rd and to the Perenuka Bike Park would be fantastic for Te Anau.
The Milford Road is only getting busier so just too dangerous for biking.
Thanks for considering more off road trails in and around Te Anau.
