Do you wish to speak to your submission at a public hearing?

No

Topic 1: Are we focusing on the right things in the plan?

Topic 2: Should we support community transport services in smaller towns and rural areas?

Our proposal: we are considering the establishment of a subsidised community transport programme providing support for transport services in Otago's smaller towns and rural areas.

What do you think about this proposal?

Do you agree with ORC having a role in supporting community transport services?

Yes

Are there other initiatives or programmes that you think Council should be considering?

No

Topic 3: Should we increase our passenger fares?

Our proposal: we are considering increasing the base fare for adult Bee Card passengers from \$2 to \$2.50. This would effectively increase bus fares for all passengers using Bee Cards by 25%.

What do you think about this proposal?

Should Council increase the adult Bee Card fare?

No

Topic 4: Should we charge more for longer trips?

Our proposal: we are considering introducing a zone fare system to our bus networks in Dunedin and Queenstown. Under this system, passengers travelling further distances across multiple zones will pay a higher fare than those travelling short distances within one zone.

What do you think about this proposal?

Should Council charge more for longer trips?

No

Tell us more:

The flat fare is vital for me to be able to commute into town on public transport, and currently make it preferable to driving. Increased fares for longer trips would make taking public transport less appealing than taking a car and would lead to increased cars and congestion, and more emissions

Topic 5: Should we keep our free fares for children (5-12 years)?

Our proposal:

- A. Retain free fares (100% discount) for children (5-12 years), **AND**
- B. Standardise our concession discount for youth (13-18 years) to 40% across both the Dunedin and Queenstown networks. For example, if the adult fare is \$2, youth pay \$1.20, or if the adult fare is \$2.50, youth pay \$1.50.

What do you think about this proposal?

Any other comments?
