Attention: Frances Lojkine

Dear Madam

Update to Request for further information under section 92(1) of the Resource Management Act 1991 (the Act) – Consent Number RM17.282.01: Discharge Permit - Land

Following the discussion from the meeting held on the 7th May 2018, please find below a revised list of information that has been requested.

- All bypass flow data from 2011 onwards
- Treated waste water discharge flow data from bypass events
- Treated waste water quality discharge
- Water quality data for consent monitoring sites.
- River flow data during bypass events.
- Reports from Ryder Consulting Ltd outlining the results of ecological monitoring.

What are Your Options? – You may

- (a) Provide the information requested within 15 working days s92A(1)(a) of this letter (8th June 2018) or
- (b) Tell us in writing the date you will be providing the information, if you need longer than 15 working days [s92A(1)(b)]. If you choose this option we would expect to receive the information no later than (29th June 2018).
- (c) Tell us in writing that you refuse to provide the information [s92A(1)(c)].

What Happens Then?

Straightforward Option: If you decide to provide the information under option (a) or (b) above, your application will be placed on hold until the information arrives on the

agreed date [s88C(2)(b)]. After that it will be taken off hold and processing of the application will continue.

Complex Option:

1. If you choose option (c) above and refuse to provide the information, or
2. If you agree to provide the information by an agreed date and don't do so or
3. You don't respond at all:

Then your application will be publicly notified; we have no choice in this [s95C(2)]. This means that an advertisement will be placed in public newspaper(s) and a site notice erected, and submissions on the application invited from the public at large. This can be expensive, and an up front deposit of further money will be required. This deposit could be in excess of \$5,000.

After public notification the application will be assessed and it may be declined if the lack of information prevents a proper assessment of the proposal.

We strongly urge you to choose either option (a) or (b) above, to avoid the unnecessary cost of public notification and the potential declining of your application.

If you have any further queries please contact me on (03) 474 0827 or 0800 474 082.

Yours sincerely

Quality
