

Otago Regional Council
Dunedin Constituency
Electing 6 Regional Councillors

Bryan SCOTT

Independent

My principal place of residence is in the Dunedin Constituency area.

(B.Eng, MBA). Thank you for the opportunity to serve as ORC Councillor and seek re-election. I am an experienced Regional Councillor with a track record of active and effective governance. I chair

Council's Regulatory Committee, former chair of Technical Committee, accredited chair for RMA Hearings and chair of Council's freshwater reference group.

My number one goal is to achieve good, sustainable water quality and flows throughout Otago's waterways. This requires ongoing improvements in environmental practices, water plans and landowner accountability. Other priorities include climate change and adaptation, community liaison, biodiversity, pest plan, air quality, Leith flood scheme, transportation, urban development and an agreed plan for South Dunedin.

I am a professional Engineer, Project Manager, Director of Scott Projects and Scott Afforestation, member of NZ Alpine Club and former chair of George St Normal School. Born and raised a family in Otago, I am passionate about Otago's future and sustainability.
