

Otago Regional Council
Dunedin Constituency
Electing 6 Regional Councillors

Marian HOBBS

Labour Party

My principal place of residence is in the Dunedin Constituency area.

I have three young grandchildren. They will be in their forties in 2051.

I want their lives to be as safe, and as happy as mine has been.

So I owe them focussed work on air quality, water access and quality, biodiversity and a reduction in greenhouse gases. These are area I worked on as a former Minister for the Environment, but there is so much more to be done.

If voted on to the Otago Regional Council, I commit to studying the issue before us, making decisions informed by asking those affected, informed by science and informed by my Labour Party principles of social justice and fairness. I commit to working with Ngai Tahu as kaitiaki.

The Otago Regional Council sets rules to protect air and water quality. These rules need to be monitored and publicly reported on.

I will work with urgency: we have much to do.
