

Otago Regional Council
Dunedin Constituency
Electing 6 Regional Councillors

Rob WOODHOUSE

My principal place of residence is in the Dunedin Constituency area. I am also standing for Southern District Health Board - Otago Constituency.

I am a multigenerational Dunedin resident - Company Director and graduate from Massey University with a Business Degree in Communications Management.

I'm a member of the National Party and past Chairman and Treasurer for their Dunedin North Electorate Committee. I am seeking a safe, prosperous, and successful Otago that creates opportunities for everyone to reach their work, lifestyle and retirement goals and dreams. When the ORC, DCC and Central Government work together, is when we will make Otago the greatest province in NZ.

Recently the ORC has deviated from core services such as clean air, clean water and no pollution. ORC ratepayers deserve better governance of the \$70 million annual budget. No more vanity projects. No more excessive rates rises, nor cost overruns. \$10 million has been squandered looking for a new headquarters, with zero progress. Otago's ratepayers deserve transparency, and a voice. You deserve better.
