

Otago Regional Council  
Dunedin Constituency  
Electing 6 Regional Councillors

---

**Andrew NOONE**

Independent

My principal place of residence is in the Dunedin Constituency area.

I'm completing my first term as an Otago Regional Councillor after retiring from the DCC, as a Councillor in 2016. Having gained extensive experience in Local Government and the Resource

Management Act, I'm keen to continue supporting and listening to our community to solve key issues. Focus areas are:

Working with the community to improve water quality in the rural and urban environment.

Collaboration and investigations with Dunedin City on climate change challenges, so a considered action plan can be developed. Enhancements to the bus service to enable greater patronage and reducing congestion on our roads, there have been improvements implemented, however more progress can be made. We are incredibly lucky to have significant biodiversity throughout the region, therefore we need a collaborative approach to ensure biodiversity outcomes are achieved; I am open minded regarding the solution for head office, other than it needs to be located in Dunedin.
