

Otago Regional Council
Dunedin Constituency
Electing 6 Regional Councillors

Scott WILLIS

Green Party

My principal place of residence is in the Dunedin Constituency area.

Living above Blueskin Bay, where with my wife Jenna we have raised our two boys, we can see that climate change is already affecting us and share your concerns for the future.

#WorkingTogether we can deliver solutions.

You'll understand that the primary focus of the ORC is on Otago's water, land and air quality. That's why you need a Green voice on the ORC.

As a founding member of the Blueskin Resilient Communities Trust, Chair of the Energy Committee at the Otago Chamber of Commerce and Trustee on the Cosy Homes Charitable Trust, I bring proven experience in governance and collaboration to help ORC and our community meet the challenges ahead.

Working together we can have clean rivers, great public transport and affordable clean energy, enabling our community to thrive. At the same time we can reduce climate impacts through restoring our ecosystems and building resilience. Visit: www.scottwillis.nz
