Hi Rebecca

That is fine.

Cheers

Shane

Subject: RM19.387 NZTA consenting requirements

Hi Shane,

As discussed on the phone, as the causeways that may be constructed will be located in the bed of the watercourse. As the defence against water rule (14.3.2.1) is for activities outside the bed of a watercourse, the proposed causeways would be classified as damming of water and consent would be required under rule 12.3.4.1 of the Regional Plan Water. I will therefore remove the consent requirement for a land use consent to construct a defence against water and add to temporarily dam to the water permit to divert.

Could you please let me know if you have any issues with this?

Thanks,

Rebecca
