New Beaumont Bridge - Notice of Requirement - Designation Plan Corrections

6-CT012.00

Dear Allan

As discussed, we have identified some minor anomalies in the designation plan that was lodged with Clutha District Council.

Attached is an updated plan and schedule; please note the proposed designation footprint has not changed from the plans as lodged. Updates are:

- Areas 10a, 10b, 10c, 11, 12, 13 and 14 have now been labelled and included in the schedule.
- Area 8c has been split into 8 c and 8d to reflect parcel boundaries.
- Area 8e (labelled) has been included in the schedule.
- A number of 'mis ordered' legal descriptions have been corrected, e.g. 'Section 4 TN of BLK XVI Dunkeld' corrected to 'Section 4 BLK XVI TN of Dunkeld'.
- 2 additional Records of Title OT135/31 & OT13D/125 relating to the above are also attached.

Please contact me should you have any questions.

Kind Regards
Regards
