

SPRAY CONTROL NOTICE

Otago Regional Council wishes to advise the public that it intends to carry out weed control on the **Pleasant River and Waikouaiti River estuaries** and in **Blueskin Bay**.

The target species, *Spartina*, will be controlled by contractors using Gallant Ultra™ or Crest 520™ with hand-sprayer or knapsack application.

Work is planned to start in mid-March 2026 and may continue intermittently as weather permits until early May 2026.

Further information can be obtained by contacting ORC — phone **0800 474 082**.
