# Draft Regional Public Transport Plan 2025-2035 Feedback form

Unique ID

RPTP-0349

## Contact details

Name:

Peter Tier

Do you wish to speak to your submission at a public hearing?

No

## Topic 1: Are we focusing on the right things in the plan?

Do you agree that these focus areas capture Otago's public transport priorities?

No

Tell us more:

Regional Passenger Transport Plan 2025 makes no mention of rail as a form of transport in Otago, whether for passenger or freight purposes.

## Topic 2: Should we support community transport services in smaller towns and rural areas?

**Our proposal:** we are considering the establishment of a subsidised community transport programme providing support for transport services in Otago's smaller towns and rural areas.

What do you think about this proposal?

Do you agree with ORC having a role in supporting community transport services?

Yes

Are there other initiatives or programmes that you think Council should be considering?

Yes

**Tell us more:**

Rail transport must be included on all planning

### Topic 3: Should we increase our passenger fares?

**Our proposal:** we are considering increasing the base fare for adult Bee Card passengers from \$2 to \$2.50. This would effectively increase bus fares for all passengers using Bee Cards by 25%.

**What do you think about this proposal?**

**Should Council increase the adult Bee Card fare?**

Yes

**Tell us more:**

Bee card fare increase should be directly linked to policies increasing available modes of passenger transport.

### Topic 4: Should we charge more for longer trips?

**Our proposal:** we are considering introducing a zone fare system to our bus networks in Dunedin and Queenstown. Under this system, passengers travelling further distances across multiple zones will pay a higher fare than those travelling short distances within one zone.

**What do you think about this proposal?**

**Tell us more:**

Having fare zones within a relatively small urban area is a disincentive for passengers. Fare zones within a larger region may be considered

### Topic 5: Should we keep our free fares for children (5-12 years)?

**Our proposal:**

- A. Retain free fares (100% discount) for children (5-12 years), **AND**
- B. Standardise our concession discount for youth (13-18 years) to 40% across both the Dunedin and Queenstown networks. For example, if the adult fare is \$2, youth pay \$1.20, or if the adult fare is \$2.50, youth pay \$1.50.

**What do you think about this proposal?**

**Should Council retain free fares (100% discount) for children (5-12 years)?**

Yes

**Tell us more:**

Children need to experience modes of travel other than the family car. Passenger transport must be seen as a normal resource. Cancel the belief held by some children that "buses are for poor people".

**Any other comments?**
