Name:

Do you wish to speak to your submission at a public hearing?

No

Topic 1: Are we focusing on the right things in the plan?

Do you agree that these focus areas capture Otago's public transport priorities?

Yes

Tell us more:

You cannot get any public transport in Clutha I live in Milton and even if I wanted to catch a bus somewhere I can't as they don't exist. Would be nice to be able to pay a fare and go to BALCLUTHA for lunch do a spot of shopping and catch a bus home. Atm you can only get anywhere via a car. Which is also expensive and not often a chose to own one

Topic 2: Should we support community transport services in smaller towns and rural areas?

Our proposal: we are considering the establishment of a subsidised community transport programme providing support for transport services in Otago's smaller towns and rural areas.

What do you think about this proposal?

Do you agree with ORC having a role in supporting community transport services?

Yes

Are there other initiatives or programmes that you think Council should be considering?

Yes

Tell us more:

Regular services to major places and maybe school runs for the bigger schools

Topic 3: Should we increase our passenger fares?

Our proposal: we are considering increasing the base fare for adult Bee Card passengers from \$2 to \$2.50. This would effectively increase bus fares for all passengers using Bee Cards by 25%.

What do you think about this proposal?

Should Council increase the adult Bee Card fare?

Yes

Tell us more:

All cost must be covered but we don't have this in Clutha district

Topic 4: Should we charge more for longer trips?

Our proposal: we are considering introducing a zone fare system to our bus networks in Dunedin and Queenstown. Under this system, passengers travelling further distances across multiple zones will pay a higher fare than those travelling short distances within one zone.

What do you think about this proposal?

Should Council charge more for longer trips?

Yes

Tell us more:

Zones work well in Australia so why not here

Topic 5: Should we keep our free fares for children (5-12 years)?

Our proposal:

- A. Retain free fares (100% discount) for children (5-12 years), **AND**
- B. Standardise our concession discount for youth (13-18 years) to 40% across both the Dunedin and Queenstown networks. For example, if the adult fare is \$2, youth pay \$1.20, or if the adult fare is \$2.50, youth pay \$1.50.

What do you think about this proposal?

Should Council retain free fares (100% discount) for children (5-12 years)?

No

Tell us more:

They should pay as adults do but again not accessible in my area

Should Council standardise our concession discount for youth (13-18 years) to 40% across both the Dunedin and Queenstown networks?

Yes

Any other comments?

Let us know if you have any other comments or ideas on the topics discussed in the Draft Regional Public Transport Plan.

More transport for Clutha area our rates are crazy and we don't even have public transport like other areas
