

Consents granted and Applications lodged September 2026

CONSENTS GRANTED

Consent ID	Consent type	Consent Purpose
RM22.550.01	CMA Use Permit	To alter and extend existing structures into a multipurpose building upon the existing wharf with an access ramp and pontoon
RM22.550.02	CMA Use Permit	To occupy the common marine and coastal area with a wharf, access ramp, floating pontoon, and multipurpose building for activities including recreational, sporting, and educational use, and emergency, civil defence, and regulatory services use.
RM25.242.01	Coastal Discharge Permit	To discharge contaminants to the coastal marine area for the purpose of the management and eradication of invasive marine species
RM25.449.01	Bore Construction Consent	To construct multiple bores (mine pits) for the purpose of accessing ground water for alluvial gold mining
RM25.449.02	Groundwater Take Permit	To take and use groundwater from an unnamed aquifer on a non-consumptive basis for the purpose of alluvial gold mining
RM25.449.03	Discharge to Water Permit	To discharge process water from a wash plant to water (mine pits) for the purpose of alluvial gold mining
RM25.526.01	Groundwater Take Permit	To take and use groundwater for the purpose of a community water supply
RM26.010.01	Surface Water Take Permit	To take and use water as primary allocation from unnamed tributaries of Soho Creek for the purpose of snow making and ski field water supply
RM26.010.02	Surface Water Take Permit	To take and use water as supplementary allocation from unnamed tributaries of Soho Creek for the purpose of snow making
RM26.149.01	Earthworks Consent	To undertake earthworks within 10 metres of Bullock Creek for the purpose of residential development
RM26.149.02	Discharge to Land Permit	To discharge sediment to land for the purpose of undertaking residential earthworks
RM26.217.01	Discharge to Land Permit	To discharge liquid animal effluent and silage leachate to land for the purpose of disposal of effluent
RM26.217.02	General/Structure Land Use Consent	To use and maintain a stockholding area for the purpose of operating a dairy farm
RM26.352.01	Surface Water Take Permit	To take and use surface water as supplementary allocation for irrigation, frost fighting, stock drinking water and domestic use.
RM26.379.01	General/Structure Land Use Consent	To disturb a contaminated site for the purpose of levelling existing fill mounds and preparing the site for port related use
RM26.379.02	Discharge to Land Permit	To discharge contaminants to land in circumstances where contaminants may enter water as a result of undertaking activities authorised by RM26.379.01
RM26.379.03	Discharge to Air Permit	To discharge contaminants into air from the disturbance of a contaminated site for the purpose of levelling existing fill mounds and preparing the site for port related use
RM26.381.01	Earthworks Consent	To carry out earthworks for the purpose of residential development
RM26.381.02	Discharge to Land Permit	To discharge sediment to land in a manner that may enter water for the purpose of residential development
RM26.393.01	Earthworks Consent	To carry out earthworks for the purpose of residential development
RM26.393.02	Discharge to Land Permit	To discharge sediment to land in a manner that may enter water for the purpose of residential development
RM26.397.01	General/Structure Land Use Consent	To operate and maintain defences against water for the purpose of a bridge replacement.
RM26.397.02	General/Structure Land Use Consent	To construct defences against water and undertake earthworks and vegetation clearance within natural inland wetlands, for the purpose of a bridge replacement.
RM26.397.03	Divert Water Permit	To divert water within natural inland wetlands, for the purpose of a bridge replacement.
RM26.398.01	Discharge to Land Permit	To discharge liquid animal effluent to land for the purpose of operating a dairy farm
RM26.398.02	Discharge to Land Permit	To discharge contaminants to air from silage production for the purpose of operating a dairy farm

Consents granted and Applications lodged September 2026

Consent ID	Consent type	Consent Purpose
RM26.399.01	General/Structure Land Use Consent	To construct temporary bores during infrastructure upgrade works for the purpose of site dewatering
RM26.399.02	Groundwater Take Permit	To take and use groundwater for the purpose of dewatering construction activities.
RM26.401.01	General/Structure Land Use Consent	To drill over the Lower Taieri Aquifer for the purpose of geotechnical investigations
RM26.402.01	Dam Water Permit	To dam water in an offline dam for the purpose of irrigation, water storage and stockwater
RM26.402.02	Discharge to Land Permit	To discharge stored water via an engineered spillway from an offline dam
RM26.403.01	General/Structure Land Use Consent	To disturb a contaminated site for the purpose of replacing power and data cables for the Instrument Landing System at Dunedin International Airport
RM26.403.02	Discharge to Land Permit	To discharge contaminants to land as a result of the disturbance of contaminated land for the purpose of replacing power and data cables for the Instrument Landing System at Dunedin International Airport
RM26.414.01	Bore Construction Consent	To construct a bore for the purpose of accessing ground water
RM26.422.01	Bore Construction Consent	To construct up to four drill holes including no more than one production bore and disturb a potentially contaminated site for the purpose of accessing ground water
RM26.426.01	General/Structure Land Use Consent	To disturb a contaminated site for the purpose of site redevelopment
RM26.428.01	Bore Construction Consent	To construct a bore for the purpose of accessing ground water and to disturb a potentially contaminated site
RM26.430.01	General/Structure Land Use Consent	To disturb a contaminated site for the purpose of site development
RM26.430.02	General/Structure Land Use Consent	To construct temporary bores for the purpose of dewatering
RM26.434.01	Discharge to Land Permit	To discharge liquid animal effluent to land for the purpose of dairy farm operation
RM26.439.01	Earthworks Consent	To undertake earthworks on contaminated land for the purpose of residential development
RM26.439.02	Discharge to Land Permit	The discharge of sediment to land, in a manner that sediment may enter water, associated with earthworks and land disturbance on a contaminated site for the purpose of residential development
RM26.444.01	Bore Construction Consent	To construct a bore for the purpose of accessing ground water
RM26.449.01	Bore Construction Consent	To construct a bore for the purpose of accessing ground water
RM26.458.01	Bore Construction Consent	To construct a bore for the purpose of accessing ground water
RM26.460.01	Bore Construction Consent	To construct a bore for the purpose of accessing groundwater
RM26.461.01	Bore Construction Consent	To construct a bore for the purpose of accessing ground water
RM26.463.01	Bore Construction Consent	To construct a bore for the purpose of accessing groundwater
RM26.474.01	Bore Construction Consent	To construct a bore for the purpose of accessing groundwater
RM26.478.01	Bore Construction Consent	To construct a bore for the purpose of accessing groundwater
RM26.480.01	Compliance Certificate	Certificate of Compliance for the taking and use of groundwater for the purpose of providing a community water supply
RM26.501.01	Bore Construction Consent	To drill up to three test bores, and to construct one production bore, for the purpose of accessing ground water
RM26.506.01	Bore Construction Consent	To drill one test bore and construct one production bore for the purpose of accessing groundwater

Consents granted and Applications lodged September 2026

Consent ID	Consent type	Consent Purpose
RM26.520.01	Bore Construction Consent	To construct a bore for the purpose of accessing ground water
RMFT26.001.01	Earthworks Consent	Use of land for earthworks for the purpose of residential development
RMFT26.001.02	Discharge to Land Permit	Discharge of sediment laden water to land where it may enter water, associated with the use of land for earthworks for the purpose of residential development

APPLICATIONS LODGED

Application ID	Application purpose
RM26.468	To disturb a contaminated site, to discharge contaminants to land and to discharge odour and dust to air for the purpose of operating a refuse transfer station
RM26.471	To disturb a contaminated site for the purpose of site development
RM26.472	To vary and extend the lapse date on RM23.721.03
RM26.473	To discharge liquid animal effluent to land and land use and maintain an animal effluent storage facility for the purpose of operating a dairy farm
RM26.474	To construct a bore for the purpose of accessing groundwater
RM26.475	Application to transfer a point of take, for the purpose of adding a point of take to surface water take permit RM19.305.01
RM26.478	To construct a bore for the purpose of accessing groundwater
RM26.479	Application for multiple consents relating to residential earthworks (land use, discharge to land, divert water)
RM26.480	Certificate of Compliance for the taking and use of groundwater for the purpose of providing a community water supply
RM26.481	To carry out earthworks and disturb a contaminated site for the purpose of residential development
RM26.483	To use land for an animal effluent storage facility, and to discharge liquid animal effluent to land for the purpose of operating a dairy farm
RM26.487	To discharge liquid animal effluent to land and to use land for an animal effluent storage facility for the purpose of operating a dairy farm
RM26.489	To construct a bore for the purpose of accessing groundwater
RM26.490	To construct a bore for the purpose of accessing groundwater
RM26.492	To construct a bore for the purpose of accessing ground water
RM26.493	To carry out earthworks for the purpose of residential development
RM26.494	To construct a bore
RM26.495	To construct a bore for the purpose of accessing groundwater
RM26.497	Variation to RM18.385.01 Condition 5a(ii)
RM26.499	Variation to RM25.163.01 to vary condition 1 and 2(c), RM20.092.10 to vary condition 1
RM26.500	Landfill remediation Kettle Park
RM26.501	To drill up to three test bores, and to construct one production bore, for the purpose of accessing ground water
RM26.502	To take and use groundwater from the Maungawera Flat Aquifer for the purpose of irrigation
RM26.503	To disturb a potentially contaminated site for the purpose of remediation and/or management
RM26.504	To construct a bore for the purpose of accessing groundwater
RM26.505	To discharge treated domestic wastewater to land for the purpose of disposal of wastewater from a residential dwelling
RM26.506	To construct a bore for the purpose of accessing ground water
RM26.507	To discharge liquid animal effluent to land and to use land for a stockholding plot
RM26.508	Variation to RM13.233.01 - Cancellation of Condition 2
RM26.509	To construct a bore for the purpose of accessing ground water

Consents granted and Applications lodged September 2026

Application ID	Application purpose
RM26.510	To remove sediment within the online ponds located in Mill Creek at Waterfall park for the purpose of removing sediment
RM26.511	Variation to Condition 2 of RM24.101.01, Condition 1 of RM24.101.02, Condition 1 and 2 of RM24.101.03 and Condition 1 of RM24.101.04
RM26.512	To discharge liquid animal effluent to land and discharge contaminants (odour) to air for the purpose of operating a dairy farm
RM26.513	To discharge domestic wastewater to land for the purpose of operating a domestic wastewater system
RM26.514	To construct a bore for the purpose of accessing groundwater
RM26.515	To carry out earthworks and disturb a contaminated site for the purpose of a development, To discharge sediment to land in a manner that may enter water, associated with earthworks for the purpose of a development and to divert a watercourse for the purpose of a development
RM26.516	To construct a bore for the purpose of accessing ground water
RM26.517	To undertake earthworks for the purpose of residential development
RM26.518	Variation to RM20.092.18 - To vary conditions to move the metering device from its current position
RM26.519	To construct a bore for the purpose of accessing ground water
RM26.520	To construct a bore for the purpose of accessing ground water
RM26.522	To construct a bore for the purpose of accessing ground water
RM26.523	To disturb the bed of Shepherds Hut Creek for the purpose of replacing an existing culvert with a single span bridge
RM26.524	Variation to RM25.286.01 - To vary condition 1, Appendix A and Map reference
RM26.525	RM25.229.01 - Condition 1 and Condition 1(a)(l) RM26.142.01 - Condition 1(a), Condition 2, Condition 7, Condition 8 and Appendix 2
RM26.527	To carry out earthworks associated with the redevelopment of 265 Peninsula Road and to discharge sediment to land in a manner that may enter water for the purpose of residential development
RM26.528	To discharge domestic wastewater to land for the purpose of disposal of wastewater from a residential dwelling
RM26.529	To take and use groundwater for the purpose of domestic use and irrigation
RM26.530	To construct a bore for the purpose of dewatering
