

CONSENTS GRANTED

Consent ID	Consent type	Consent Purpose
RM25.324.01	Compliance Certificate	Certificate of Compliance for the discharge of wastewater onto or into land for the purpose of disposal of domestic wastewater from a residential dwelling and a residential flat, and the associated grey water discharge.
RM25.446.01	Discharge to Air Permit	To discharge greenhouse gases to air for the purpose of operating a commercial laundry service
RM25.535.01	General/Structure Land Use Consent	To disturb a contaminated site for the purpose of redevelopment of a commercial site
RM25.535.02	General/Structure Land Use Consent	To disturb a contaminated site for the purpose of redevelopment of a commercial site
RM25.535.03	Discharge to Land Permit	To discharge contaminants to land for the purpose of redevelopment of a commercial site
RM25.562.01	Discharge to Land Permit	To discharge liquid animal effluent or water containing liquid animal effluent from an animal effluent system onto or into land
RM25.562.02	General/Structure Land Use Consent	To use land for two stockholding areas
RM25.616.01	General/Structure Land Use Consent	To disturb and deposit cleanfill in the bed of an unnamed tributary of Lake Wakatipu for the purpose of residential development.
RM25.616.02	Earthworks Consent	To undertake earthworks for the purpose of residential development.
RM25.616.03	Discharge to Land Permit	To discharge sediment to land in a manner that may enter water for the purpose of residential development.
RM25.616.04	General/Structure Land Use Consent	To extend and alter an existing stormwater pipeline for the purpose of residential development.
RM25.635.01	Discharge to Land Permit	To discharge liquid animal effluent to land for the purpose of operating a dairy farm
RM25.635.02	Discharge to Air Permit	To discharge contaminants to air from effluent irrigation for the purpose of operating a dairy farm
RM25.635.03	General/Structure Land Use Consent	To reconstruct, maintain and use an animal effluent storage facility, for the purpose of effluent management
RM25.674.01	Discharge to Land Permit	To discharge liquid animal effluent, water containing liquid animal effluent and silage leachate to land for the purpose of operating a dairy farm
RM25.674.02	Discharge to Air Permit	To discharge contaminants (odour) to air from an animal effluent storage facility
RM26.144.01	Earthworks Consent	To discharge sediment to land, in a manner that sediment may enter water, associated with earthworks and land disturbance of a contaminated site for the purpose of residential development
RM26.144.02	Discharge to Land Permit	To undertake earthworks on a contaminated site for the purpose of residential development
RM26.180.01	General/Structure Land Use Consent	To place two bridges with appurtenant structures and temporary scaffolds in the bed of the Arrow River, and to disturb the bed of the Arrow River, for the purpose of upgrading infrastructure
RM26.182.01	General/Structure Land Use Consent	To place a replacement footbridge in the bed of Waterfall Creek for the purpose of upgrading infrastructure
RM26.190.01	Groundwater Take Permit	To take and use groundwater for the purposes of dairy shed supply and stock drinking water
RM26.192.01	Discharge to Land Permit	To discharge contaminants to land for the purpose of operating a bioremediation facility
RM26.193.01	Discharge to Land Permit	To discharge liquid animal effluent or water containing liquid animal effluent from an animal effluent system onto or into land.
RM26.193.02	General/Structure Land Use Consent	To maintain and use an animal effluent storage facility, for the purpose of effluent management
RM26.254.01	Discharge to Land Permit	To discharge animal effluent and silage leachate to land for the purpose of disposal of effluent
RM26.264.01	General/Structure Land Use Consent	To disturb a contaminated site for the purpose of commercial development

Consents granted and Applications lodged July 2026

Consent ID	Consent type	Consent Purpose
RM26.264.02	General/Structure Land Use Consent	To construct temporary bores during earthworks for the purpose of site dewatering
RM26.281.01	Discharge to Land Permit	To discharge liquid animal effluent, water containing liquid animal effluent or silage leachate to land for the purpose of operating a dairy farm
RM26.281.02	Discharge to Air Permit	To discharge contaminants (odour) to air from an animal effluent storage facility
RM26.281.03	Groundwater Take Permit	To take and use groundwater for the purposes of domestic supply, stock drinking water and dairy shed supply
RM26.281.04	General/Structure Land Use Consent	To use land for the use and maintenance of two components of an animal effluent system (concrete collection sumps 4 and 5)
RM26.286.01	Discharge to Land Permit	To discharge sediment to land in a manner that may enter water for the purpose of residential development
RM26.286.02	Earthworks Consent	To undertake residential earthworks for the purpose of residential development
RM26.290.01	Groundwater Take Permit	To take and use groundwater for the purposes of stock drinking water, dairy shed wash water, and domestic use
RM26.296.01	General/Structure Land Use Consent	To upgrade and replace structures in the bed of Lindsay Creek and an unnamed tributary of Lindsay Creek, and to disturb the beds of those watercourses, for the purpose of upgrading stormwater infrastructure
RM26.305.01	Earthworks Consent	To undertake earthworks for the purpose of constructing a new residential development
RM26.305.02	Discharge to Land Permit	To discharge sediment to land for the purpose of residential development
RM26.306.01	Groundwater Take Permit	To take and use groundwater for the purposes of stock drinking water and dairy shed supply
RM26.320.01	Bore Construction Consent	To construct a bore for the purpose of accessing groundwater
RM26.321.01	Bore Construction Consent	To construct a bore for the purpose of accessing groundwater
RM26.325.01	Discharge to Land Permit	To discharge pindone and magnesium phosphide (magtoxin) onto land in the Okia Flat Wetland Management Area for the purpose of rabbit control
RM26.327.01	Bore Construction Consent	To construct a bore for the purpose of accessing groundwater
RM26.328.01	Discharge to Land Permit	To discharge liquid animal effluent and water containing liquid animal effluent to land for the purpose of operating a dairy farm
RM26.328.02	General/Structure Land Use Consent	The use of land for the use and maintenance of an animal effluent storage facility (effluent storage pond) for the purpose of operating a dairy farm
RM26.333.01	Discharge to Land Permit	To discharge liquid animal effluent or water containing liquid animal effluent to land for the purpose of operating a dairy farm.
RM26.334.01	Groundwater Take Permit	To take and use groundwater allocated as surface water for the purposes of domestic supply, stock drinking water, and dairy shed supply
RM26.339.01	Bore Construction Consent	To construct one bore for the purpose of accessing groundwater
RM26.340.01	Bore Construction Consent	To construct up to four bores for a maximum of one production bore for the purpose of accessing ground water
RM26.341.01	Earthworks Consent	To undertake earthworks for the purpose of residential development
RM26.341.02	Discharge to Land Permit	To discharge sediment to land in a manner that may enter water for the purpose of undertaking earthworks for residential development
RM26.342.01	General/Structure Land Use Consent	To disturb the bed of the Nevis River for the purpose of operating an excavator
RM26.343.01	Groundwater Take Permit	To take and use ground water for the purpose of landscaping irrigation
RM26.345.01	Bore Construction Consent	To construct a bore for the purpose of accessing groundwater
RM26.348.01	Bore Construction Consent	To construct a bore for the purpose of accessing groundwater

Consents granted and Applications lodged July 2026

Consent ID	Consent type	Consent Purpose
RM26.354.01	Bore Construction Consent	To construct one bore for the purpose of accessing groundwater
RM26.356.01	Groundwater Take Permit	To take and use ground water for the purpose of undertaking an aquifer test
RM26.358.01	Earthworks Consent	To undertake earthworks on a contaminated site for the purpose of residential development and to reuse contaminated soils on site
RM26.358.02	Discharge to Land Permit	To discharge sediment to land in a manner that may enter water for the purpose of residential development
RM26.360.01	General/Structure Land Use Consent	To disturb a contaminated site for the purpose of residential development
RM26.360.02	Discharge to Land Permit	To discharge sediment to land where it may enter water for the purpose of residential development
RM26.361.01	General/Structure Land Use Consent	To drill two monitoring bores for the purpose of monitoring groundwater levels
RM26.362.01	Bore Construction Consent	To construct a up to three drill holes including no more than two production bores for the purpose of accessing ground water
RM26.369.01	Bore Construction Consent	To construct a bore for the purpose of accessing groundwater
RM26.371.01	Bore Construction Consent	To construct a bore for the purpose of accessing groundwater
RM26.372.01	Bore Construction Consent	To construct a bore for the purpose of accessing ground water
RM26.376.01	Bore Construction Consent	To construct a bore for the purpose of accessing ground water
RMFT25.008.01	General/Structure Land Use Consent	Land use consent, water permit and discharge permit for the construction, operation and maintenance of Stage 2 of the Puke Kapo Hau - Mahinerangi Wind Farm and associated 110kV transmission line and poles to convey electricity between the Puke Kapo Hau - Mahinerangi Wind Farm Site and the existing National Grid Line
RMFT25.008.02	General/Structure Land Use Consent	To install a culvert within the bed of a waterbody and the associated disturbance of the bed of the waterbody
RMFT25.008.03	Bore Construction Consent	Construction of "bores" for dewatering
RMFT25.008.04	Discharge to Land Permit	Discharge of water or any contaminant from a concrete batching plant to land where it may enter a waterbody
RMFT25.008.05	Discharge to Land Permit	To discharge water to land in a manner that may enter a waterbody for the purpose of disposing of stormwater from construction sites and fill areas.
RMFT25.008.06	Discharge to Land Permit	To discharge water and sediment to land in a manner that may enter a waterbody for the purpose of disposing of stormwater from construction sites and fill areas.
RMFT25.008.07	Discharge to Land Permit	To discharge water to land in a manner that may enter a waterbody for the purpose of dewatering construction sites
RMFT25.008.08	Discharge to Water Permit	To discharge sediment to water for the purpose of installing a culvert within a waterbody
RMFT25.008.09	Discharge to Land Permit	Operational discharges of stormwater from new infrastructure and associated impervious surface areas (excluding roading) to land where it may enter waterbodies
RMFT25.008.10	Groundwater Take Permit	To take groundwater for the purpose of dewatering construction sites
RMFT25.008.11	Divert Water Permit	To divert Lee Stream Tributary
RMFT25.008.12	General/Structure Land Use Consent	To construct specified infrastructure (including earthworks, land disturbance, vegetation removal and stormwater discharge) in or within 10m of natural inland wetlands

APPLICATIONS LODGED

Application ID	Application purpose
RM26.358	To undertake earthworks on contaminated land for the purpose of residential development
RM26.360	To disturb a contaminated site for the purpose of site development
RM26.361	To drill over an aquifer, for the purpose of installing observation bores
RM26.362	To construct bores for the purpose of accessing ground water
RM26.363	Use of land for the construction, use and maintenance for the purpose of an animal effluent storage facility, Use of land for the construction, use and maintenance of component for the purpose of an animal effluent system for a weeping wall or sump and To discharge animal effluent to land for the purpose of operating a dairy farm
RM26.364	Multiple consents for the purpose of operating a dairy farm
RM26.367	To discharge liquid animal effluent to land, and to discharge contaminants (odour) to air, for the purpose of operating a dairy farm
RM26.368	To discharge effluent to land and upgrade an existing effluent storage system for the purpose of operating a dairy farm
RM26.369	To construct one bore
RM26.370	Application for multiple consents related to dairy farming
RM26.371	To construct a bore
RM26.372	To construct a bore for the purpose of accessing ground water
RM26.373	To construct a bore for the purpose of accessing groundwater
RM26.374	To construct three bores for the purpose of accessing groundwater
RM26.375	Application for multiple consents related to dairy farming - effluent discharge and groundwater take
RM26.376	To construct a bore
RM26.378	To disturb a contaminated site and discharge contaminants to land for the purpose of site development
RM26.379	To disturb a contaminated site for the purpose of site development
RM26.380	To discharge treated domestic wastewater to land and discharge to air for the purpose of disposal of wastewater from residential dwellings
RM26.381	To carry out earthworks for the purpose of residential development
RM26.382	Various resource consents for the purpose of the Kingston Village development
RM26.384	To discharge treated domestic wastewater to land for the purpose of disposal of wastewater from a residential dwelling
RM26.385	Various consents for the purpose of running a dairy farm
RM26.386	To discharge dairy effluent to land and discharge contaminants (odour) to air for the purpose of operating a dairy farm
RM26.387	To extend a existing culvert and to divert water for the purpose of operating an airport
RM26.388	To construct a bore for the purpose of accessing groundwater
RM26.389	To construct a bore for the purpose of accessing groundwater
RM26.390	To carry out earthworks for the purpose of residential development
RM26.391	To construct a bore for the purpose of accessing ground water
RM26.392	To vary condition 4(g) of consent 2010.121.V1 for the purpose of meeting compliance obligations
RM26.393	To carry out earthworks for the purpose of residential development
RM26.394	To construct a bore for the purpose of accessing groundwater
RM26.395	To construct a bore for the purpose of accessing ground water
RM26.397	To construct, use and maintain permanent road approaches and embankments for the purpose of defence against water, for replacement Bridge 145
RM26.398	To discharge liquid animal effluent to land and discharge contaminants from silage to land for the purpose of operating a dairy farm
RM26.399	To construct temporary bores during infrastructure upgrade works for the purpose of site dewatering and to take and use groundwater for the purpose of dewatering four construction sites
RM26.400	To vary condition 6d of consent RM22.521.01 for the purpose of changing the interval at which the water meter is certified

Consents granted and Applications lodged July 2026

Application ID	Application purpose
RM26.401	To drill over the Lower Taieri Aquifer for the purpose of geotechnical investigations
RM26.402	To construct a dam for the purpose of Irrigation, water storage and stock water supply and associated operational and emergency discharge of water via spillway
RM26.403	To disturb a contaminated site for the purpose of replacement Instrument Landing System power and fibre/data cabling at Dunedin Airport and to discharge contaminants to land for the purpose replacement of Instrument Landing System power and fibre/data cabling at Dunedin Airport
