

## CONSENTS GRANTED

Consent ID	Consent type	Consent Purpose
RM25.040.01	Discharge to Land Permit	To discharge treated wastewater from a milk processing plant to land.
RM25.040.02	Discharge to Air Permit	To discharge odour to air associated with a treated wastewater discharge from a milk processing plant
RM25.154.01	CMA Use Permit	To occupy the coastal marine area with a boatshed and slipway for storing recreational equipment
RM25.234.01	Discharge to Land Permit	To discharge liquid animal effluent or water containing liquid animal effluent from an animal effluent system onto or into land.
RM25.234.02	Groundwater Take Permit	To take and use groundwater for the purposes of domestic use, dairy shed supply and stock drinking water
RM25.339.01	Discharge to Land Permit	To discharge wastewater to land for the purpose of disposal of wastewater from visitor accommodation
RM25.463.01	Earthworks Consent	To carry out residential earthworks within 10 metres of a water body for the purpose of residential development
RM25.463.02	Discharge to Land Permit	To discharge sediment to land in a manner that may enter water for the purpose of residential development
RM25.463.03	General/Structure Land Use Consent	To construct temporary bores for the purpose of site dewatering
RM25.463.04	General/Structure Land Use Consent	To construct a defence against water
RM25.585.01	Earthworks Consent	To use of land for earthworks within a natural inland wetland, and within a 10 metres setback of a natural inland wetland, vegetation clearance within 10 metres of a natural inland wetland, and within a natural inland wetland, including the removal of 92m <sup>2</sup> of natural inland wetland, in the area shown on Appendix 1, for the purpose of constructing a commercial sauna and associated structures.
RM25.585.02	Earthworks Consent	To use of land to undertake residential earthworks, for the purpose of constructing one dwelling and associated structures.
RM25.585.03	Discharge to Land Permit	To discharge sediment laden water to land in a manner that may enter water, for the purpose of undertaking residential earthworks
RM25.585.04	Groundwater Take Permit	To temporarily take and use groundwater connected surface water, allocated as surface water, within 100 metres of a natural inland wetland, for the purpose of site dewatering for the construction of a commercial sauna.
RM25.585.05	Bore Construction Consent	To construct bore(s) for the purpose of site dewatering during construction
RM25.585.06	General/Structure Land Use Consent	To retrospectively use land for drilling over a C-Series Aquifer for the purpose of geotechnical investigations and constructing piezometers.
RM25.622.01	Discharge to Land Permit	To discharge liquid animal effluent to land for the purpose of operating a dairy farm
RM25.622.02	General/Structure Land Use Consent	To discharge liquid animal effluent to land for the purpose of operating a dairy farm and To use land for a stockholding area for the purpose of operating a dairy farm
RM25.622.03	Discharge to Land Permit	To discharge animal effluent to land from two stockholding areas (wintering pad and calving pad) for the purpose of operating a dairy farm
RM25.622.04	Discharge to Air Permit	To discharge contaminants (odour) to air from a component of an animal effluent system (sludge bed)
RM25.626.01	General/Structure Land Use Consent	To disturb a contaminated site for the purpose of site development
RM25.634.01	Discharge to Land Permit	To discharge liquid animal effluent to land for the purpose of operating a dairy farm
RM25.634.02	Discharge to Air Permit	To discharge contaminants to air from effluent irrigation for the purpose of operating a dairy farm
RM25.634.03	Groundwater Take Permit	To take and use groundwater for the purposes of domestic supply, stock drinking water and dairy shed supply
RM25.660.01	General/Structure Land Use Consent	Land use for a stockholding area and calving pad for the purpose of operating a dairy farm.

Consent ID	Consent type	Consent Purpose
RM25.660.02	Discharge to Land Permit	To discharge contaminants to land from a stockholding area
RM25.660.03	Discharge to Land Permit	To discharge liquid animal effluent or water containing liquid animal effluent and silage leachate to land for the purpose of operating a dairy farm
RM25.670.01	Discharge to Land Permit	To discharge liquid animal effluent or water containing liquid animal effluent to land for the purpose of operating a dairy farm
RM25.670.02	General/Structure Land Use Consent	To use land to use and maintain an animal effluent storage facility for the purpose of operating a dairy farm
RM25.670.03	General/Structure Land Use Consent	Land use for a stockholding area and calving pad for the purpose of operating a dairy farm
RM25.670.04	Discharge to Land Permit	To discharge contaminants to land from a stockholding area
RM25.679.01	General/Structure Land Use Consent	To disturb the bed of an unnamed tributary of Otago Harbour locally known as Macandrew Bay Stream for the purpose of constructing a retaining wall to reinstate the bank of the river
RM25.679.02	Divert Water Permit	To dam and divert water within an unnamed tributary of Otago Harbour locally known as Macandrew Bay Stream for the purpose of constructing a retaining wall to reinstate the bank of the river
RM25.681.01	General/Structure Land Use Consent	To disturb the beds of the Kawarau River and Shotover River for the purpose of maritime safety.
RM25.681.02	Divert Water Permit	To undertake minor diversions within the Kawarau River and the Shotover River for the purpose of maritime safety.
RM25.682.01	CMA Use Permit	To occupy the Coastal Marine Area with a swing mooring for the purpose of securing a boat
RM25.690.01	Discharge to Land Permit	To discharge animal effluent to land for the purpose of animal effluent disposal
RM25.690.02	Discharge to Air Permit	To discharge contaminants to air from effluent irrigator for the purpose of operating a dairy farm
RM25.690.03	Groundwater Take Permit	To take and use groundwater for the purpose of dairy shed and stock water use
RM26.028.01	Discharge to Land Permit	To discharge liquid animal effluent or water containing liquid animal effluent from an animal effluent system onto or into land
RM26.028.02	General/Structure Land Use Consent	To maintain and use an animal effluent storage facility and associated components, for the purpose of effluent management
RM26.028.03	Discharge to Land Permit	To discharge liquid animal effluent or water containing liquid animal effluent from an animal effluent system onto or into land
RM26.028.04	General/Structure Land Use Consent	To maintain and use an animal effluent storage facility and associated component, for the purpose of effluent management
RM26.028.05	Discharge to Land Permit	To discharge liquid animal effluent or water containing liquid animal effluent from an animal effluent system onto or into land
RM26.028.06	General/Structure Land Use Consent	To maintain and use an animal effluent storage facility and associated component, for the purpose of effluent management
RM26.028.07	Discharge to Land Permit	To discharge liquid animal effluent or water containing liquid animal effluent from an animal effluent system onto or into land
RM26.028.08	General/Structure Land Use Consent	To maintain and use an animal effluent storage facility and associated component, for the purpose of effluent management
RM26.028.09	Discharge to Land Permit	To discharge liquid animal effluent or water containing liquid animal effluent from an animal effluent system onto or into land
RM26.028.10	General/Structure Land Use Consent	To maintain and use an animal effluent storage facility and associated components, for the purpose of effluent management
RM26.040.01	Discharge to Land Permit	To discharge liquid animal effluent to land for the purpose of operating a dairy farm
RM26.040.02	General/Structure Land Use Consent	The use of land for the use and maintenance and upgrade of an animal effluent storage facility for the purpose of operating a dairy farm
RM26.047.01	General/Structure Land Use Consent	To disturb contaminated land for the purpose of implementing the Queenstown Airport Master Plan

Consent ID	Consent type	Consent Purpose
RM26.047.02	Discharge to Land Permit	To discharge sediment to land in a manner that may enter water, associated with earthworks and land disturbance on a contaminated site, for the purpose of implementing the Queenstown Airport Master Plan
RM26.101.01	General/Structure Land Use Consent	To disturb a contaminated site and deposit contaminated material for the purpose of site remediation
RM26.106.01	Discharge to Land Permit	To discharge wastewater to land for the purpose of domestic wastewater removal
RM26.114.01	Discharge to Land Permit	To discharge liquid animal effluent to land for the purpose of operating a dairy farm
RM26.114.02	General/Structure Land Use Consent	The use of land for the use and maintenance of two animal effluent storage facilities for the purpose of operating a dairy farm
RM26.116.01	Earthworks Consent	To undertake residential earthworks for the purpose of residential development.
RM26.116.02	Discharge to Land Permit	To discharge sediment to land, in a manner that sediment may enter water, associated with earthworks for the purpose of residential development.
RM26.121.01	Earthworks Consent	To undertake residential earthworks for the purpose of residential development.
RM26.121.02	Discharge to Land Permit	To discharge sediment to land, in a manner that sediment may enter water, associated with earthworks for the purpose of residential development.
RM26.121.03	Groundwater Take Permit	To take groundwater non-consumptively for the purpose of residential earthworks.
RM26.121.04	Bore Construction Consent	To construct a bore field (drainage due to perched groundwater being taken during excavation).
RM26.132.01	Earthworks Consent	To carry out earthworks on potentially contaminated land for the purpose of residential development
RM26.132.02	Discharge to Land Permit	The discharge of sediment to land, in a manner that sediment may enter water, associated with earthworks and land disturbance on a contaminated site for the purpose of residential development.
RM26.136.01	Discharge to Land Permit	To discharge contaminants to land for the purpose of disposing of water treatment plant pond sludge
RM26.158.01	Groundwater Take Permit	To take and use groundwater for the purposes of domestic use, dairy shed supply and stock drinking water
RM26.163.01	Earthworks Consent	To carry out earthworks for the purpose of residential development
RM26.163.02	Discharge to Land Permit	To discharge sediment to land in a manner that may enter water for the purpose of residential development
RM26.163.03	General/Structure Land Use Consent	To place culverts in ephemeral watercourses and the ongoing use of culverts in the watercourses for the purpose of stormwater management
RM26.163.04	General/Structure Land Use Consent	To place and use weirs in an ephemeral watercourse for the purpose of stormwater management
RM26.163.05	General/Structure Land Use Consent	To disturb the bed, deposit bed material and other substances on the bed of an unnamed ephemeral watercourse for the purpose of establishing stormwater ponds
RM26.164.01	CMA Use Permit	To place a temporary boardwalk in the Coastal Marine Area, and to occupy the Coastal Marine Area with a temporary boardwalk, for the purpose of upgrading infrastructure
RM26.165.01	Surface Water Take Permit	To take and use surface water from Barrs Falls Stream for the purpose of stock drinking water and operating a dairy shed
RM26.172.01	Bore Construction Consent	To construct a bore for the purpose of accessing ground water
RM26.174.01	Earthworks Consent	To undertake earthworks for the purpose of residential development
RM26.174.02	Discharge to Land Permit	To discharge sediment to land for the purpose of residential development
RM26.175.01	Discharge to Land Permit	To discharge treated domestic wastewater to land for the purpose of disposing of treated wastewater
RM26.181.01	Bore Construction Consent	To construct a bore for the purpose of accessing ground water

Consent ID	Consent type	Consent Purpose
RM26.187.01	Discharge to Land Permit	To discharge liquid animal effluent or water containing liquid animal effluent from an animal effluent system onto or into land.
RM26.187.02	General/Structure Land Use Consent	To construct, maintain and use an animal effluent storage facility, for the purpose of effluent management
RM26.188.01	Earthworks Consent	To use land for earthworks for residential development
RM26.188.02	Discharge to Land Permit	To discharge sediment-laden water to land and water as a result of undertaking activities authorised by RM26.188.01.
RM26.191.01	Discharge to Land Permit	To discharge liquid animal effluent to land for the purpose of operating a dairy farm
RM26.191.02	General/Structure Land Use Consent	To use land for a stockholding area (calving pad) for the purpose of operating a dairy farm
RM26.191.03	General/Structure Land Use Consent	The use of land for the use and maintenance of a component of an animal effluent system (solids bunker) for the purpose of operating a dairy farm
RM26.194.01	Bore Construction Consent	To construct a bore for the purpose of accessing groundwater
RM26.197.01	General/Structure Land Use Consent	To disturb the bed, remove vegetation and remobilise bed material of an unnamed tributary of the Pleasant River for the purpose of reinstating a stream channel
RM26.202.01	Discharge to Land Permit	To discharge treated domestic wastewater to land for the purpose of disposal of wastewater from seven domestic dwellings
RM26.204.01	Discharge to Land Permit	To discharge treated wastewater to land for the purpose of residential development
RM26.206.01	Earthworks Consent	To undertake earthworks for the purpose of residential development
RM26.206.02	Discharge to Land Permit	To discharge sediment to land where it may enter water for the purpose of residential development
RM26.207.01	Earthworks Consent	To carry out earthworks for the purpose of residential development
RM26.207.02	Discharge to Land Permit	To discharge sediment to land in a manner that may enter water for the purpose of residential development
RM26.210.01	Bore Construction Consent	To construct a bore for the purpose of accessing groundwater
RM26.216.01	General/Structure Land Use Consent	To drill over the Maniototo Tertiary Aquifer for the purpose of conducting geotechnical investigations
RM26.218.01	Bore Construction Consent	To drill over the Maniototo Tertiary Aquifer for the purpose of conducting geotechnical investigations.
RM26.218.02	General/Structure Land Use Consent	To place temporary structures and disturb the bed of the Taieri River for the purpose of conducting geotechnical investigations
RM26.226.01	Bore Construction Consent	To construct one bore for the purpose of accessing ground water
RM26.228.01	Discharge to Land Permit	To discharge liquid animal effluent to land for the purpose of operating a dairy farm
RM26.228.02	General/Structure Land Use Consent	To upgrade, use, and maintain an effluent storage pond for the purpose of operating a dairy farm
RM26.228.03	General/Structure Land Use Consent	To use land for a stockholding area for the purpose of operating a dairy farm
RM26.229.01	Bore Construction Consent	To construct a bore for the purpose of accessing groundwater
RM26.230.01	Bore Construction Consent	To construct one bore for the purpose of accessing groundwater
RM26.231.01	Bore Construction Consent	To construct a bore for the purpose of accessing ground water
RM26.240.01	Earthworks Consent	To undertake earthworks for the purpose of residential development
RM26.240.02	Discharge to Land Permit	To discharge sediment to land for the purpose of residential development
RM26.243.01	CMA Use Permit	To occupy the coastal marine area with a boatshed and slipway for storing recreational equipment

Consent ID	Consent type	Consent Purpose
RM26.244.01	Bore Construction Consent	To construct a bore for the purpose of accessing ground water
RM26.255.01	Bore Construction Consent	To construct a bore for the purpose of accessing groundwater
RM26.256.01	Bore Construction Consent	To construct a bore for the purpose of accessing ground water
RM26.257.01	Bore Construction Consent	To construct a bore for the purpose of accessing groundwater
RM26.259.01	Bore Construction Consent	To construct a bore for the purpose of accessing groundwater

## APPLICATIONS LODGED

Application ID	Application purpose
RM26.123	To vary conditions 1 and 2 of earthworks consent RM23.638.01 to reference updated plans that show the wider extent of earthworks
RM26.237	To occupy and disturb the common marine and coastal marine area for the purpose of managing and maintaining the Moeraki landslip within the vicinity of Haven Street
RM26.244	To construct a bore for the purpose of accessing groundwater
RM26.245	To undertake earthworks within 10m of a natural inland wetland for the purpose of restoration works at the Canton Stamper Battery historical site (project with consent funding support)
RM26.246	To discharge effluent waste to land for the purpose of running a dairy farm
RM26.248	To discharge treated wastewater to land for the purpose of operating an airport and wastewater treatment plant.
RM26.250	To discharge effluent waste to land for the purpose of running a dairy farm
RM26.251	To take and use surface water from Precipice Creek for the purpose of stock drinking water and domestic use
RM26.252	To discharge to land and to use land for the purpose of constructing Haul Road
RM26.253	Variation to RM21.024.01 and RM25.313.01 to change to the command area on a water permit
RM26.254	Variation to change the conditions of RM24.715.01 to extend the effluent discharge area to include more freehold land within the milking platform and increase cow numbers.
RM26.255	To construct a bore for the purpose of accessing groundwater
RM26.256	To construct one bore for the purpose of accessing ground water
RM26.257	To construct a bore for the purpose of accessing groundwater
RM26.258	To discharge treated wastewater to land for the purpose of running a wastewater treatment plant
RM26.259	To construct a bore for the purpose of accessing groundwater
RM26.261	To undertake earthworks and the associated discharge to land for the purpose of residential development
RM26.262	To construct a bore for the purpose of accessing groundwater
RM26.264	To disturb a potentially contaminated site for the purpose of commercial development
RM26.265	To discharge animal effluent to land for the purpose of running a dairy farm . Land use consent for the purpose of effluent storage
RM26.266	To take and use groundwater for the purpose of domestic supply, irrigation, yard usage and dust suppression
RM26.267	To construct a bore for the purpose of accessing ground water
RM26.269	To disturb a contaminated site for the purpose of site development
RM26.270	To discharge effluent to land for the purpose of operating a dairy farm
RM26.271	To extract gravel from the bed of Lake Dunstan for the purpose of restoring a water channel for safe passage at Perriam Cove Marina
RM26.272	To carry out earthworks for the purpose of residential development
RM26.273	To undertake earthworks for the purpose of residential development

Application ID	Application purpose
RM26.274	To construct six test bores and up to two production bores for the purpose of site investigation and groundwater take
RM26.276	To relocate landfill from an existing uncontained cell to a new purpose built cell
RM26.277	To disturb the coastal marine area for the purposes of repair, replacement and minor extension to an existing seawall revetment for erosion protection works
RM26.279	To construct temporary bores and to take and use groundwater for the purpose of dewatering a construction site
RM26.280	Various consents to operate a dairy farm
RM26.281	Various consents in order to operate a dairy farm
RM26.282	To undertake earthworks and the associated discharge to land for the purpose of residential development
RM26.283	To carry out earthworks and disturbance of contaminated land for the purpose of residential development
RM26.285	To develop a quarry to win aggregate for the purpose of accessing a high-quality basalt rock source at the site
RM26.286	To undertake residential earthworks for the purpose of residential development
RM26.289	Bore construction for the purpose of dewatering (Dunedin Harbour Arterial Improvement Project Stage 3)
RM26.290	To take and use groundwater for the purpose of stock drinking water, shed water and domestic use.
RM26.291	To construct five bore holes for the purpose of accessing ground water for a five property subdivision
RM26.292	To construct a bore for the purpose of accessing groundwater
RM26.293	Application for discharge permits for storm water relating to Southern Link Inland Port
RM26.294	To undertake earthworks for the purpose of the redevelopment of the Roslyn Kindergarten
RM26.295	To construct a bore for the purpose of accessing groundwater
RM26.296	Works associated with the DCC Three Waters Renewal Programme.
