

CONSENTS GRANTED

Consent ID	Consent type	Consent Purpose
RM21.574.09	General/Structure Land Use Consent	Use of land for intensive winter grazing
RM21.574.10	Discharge to Land Permit	To discharge contaminants to land for the purpose of undertaking intensive winter grazing
RM25.467.01	Bore Construction Consent	To construct a temporary bore during infrastructure upgrade works for the purpose of site dewatering
RM25.467.02	Groundwater Take Permit	To take and use groundwater for the purpose of dewatering a construction site
RM25.556.01	Bore Construction Consent	To construct a bore to access groundwater for the operation of a transient mine pit pond and for the disturbance and alteration of the beds of unnamed tributaries
RM25.556.02	Surface Water Take Permit	To take and use surface water from Coal Creek for the purpose of alluvial gold mining
RM25.556.03	Groundwater Take Permit	To take and use groundwater for use in mining processing and the taking of any incidental groundwater encountered during operation of the transient mine pit for the purpose of alluvial gold mining
RM25.556.04	Discharge to Water Permit	To discharge water and contaminants to the mine pit pond for the purpose of alluvial gold mining
RM25.556.05	Discharge to Land Permit	To discharge excess water and contaminants (sediment) to the discharge trench for the purpose of alluvial gold mining
RM25.556.06	Divert Water Permit	To temporarily divert water from unnamed ephemeral tributaries around the transient mine pit for the purpose of alluvial gold mining
RM25.566.01	Groundwater Take Permit	To take and use groundwater for the purpose of dairy shed wash down water, stockwater, and domestic use
RM25.566.02	Groundwater Take Permit	To take and use groundwater for the purpose of dairy shed wash down water, stockwater, and domestic use
RM25.637.01	Discharge to Land Permit	To discharge liquid animal effluent to land for the purpose of operating a dairy farm
RM25.637.02	General/Structure Land Use Consent	To use and maintain an effluent storage facility and a component of an effluent storage facility for the purpose of operating a dairy farm
RM25.644.01	Discharge to Land Permit	To discharge liquid animal effluent to land for the purpose of operating a dairy farm
RM25.644.02	Discharge to Air Permit	To discharge contaminants to air from effluent irrigation for the purpose of operating a dairy farm
RM25.644.03	General/Structure Land Use Consent	To use and maintain an effluent storage facility and a component of an effluent storage facility for the purpose of operating a dairy farm
RM25.673.01	Discharge to Land Permit	To discharge liquid animal effluent and water containing liquid animal effluent to land for the purpose of operating a dairy farm
RM25.673.02	General/Structure Land Use Consent	To use land for a stockholding area (standoff pad) for the purpose of operating a dairy farm
RM25.673.03	Discharge to Land Permit	To discharge animal effluent to land from a stockholding area (standoff pad) for the purpose of operating a dairy farm
RM26.177.01	Bore Construction Consent	To construct multiple bores (mine pits) for the purpose of accessing ground water for alluvial mining
RM26.177.02	Groundwater Take Permit	To take and use groundwater from an unnamed aquifer on a non-consumptive basis for process water for the purpose of alluvial gold mining
RM26.177.03	Discharge to Water Permit	To discharge process water from a wash plant to water (mine pits) for the purpose of alluvial mining
RM26.177.04	Discharge to Land Permit	To discharge excess decant water to land, and to discharge water to land for dust suppression, in a manner that may enter water for the purpose of alluvial mining activities
RM26.177.05	Discharge to Air Permit	To discharge dust and contaminants to air for the purpose of alluvial gold mining
RM26.235.01	Discharge to Air Permit	To discharge contaminants (odour) to air for the purpose of operating a dairy farm

Consent ID	Consent type	Consent Purpose
RM26.235.02	Discharge to Land Permit	To discharge liquid animal effluent or water containing liquid animal effluent from an animal effluent system onto or into land
RM26.235.03	General/Structure Land Use Consent	To maintain and use an effluent storage facility for the purpose of operating a dairy farm
RM26.250.01	Discharge to Land Permit	To discharge animal effluent to land for the purpose of effluent disposal
RM26.250.02	General/Structure Land Use Consent	To maintain and use an animal effluent storage facility and associated components, for the purpose of effluent management
RM26.266.01	Groundwater Take Permit	To take and use groundwater for the purpose of domestic use, irrigation, yard usage, and dust suppression
RM26.266.02	Bore Construction Consent	To retrospectively construct a bore for the purpose of accessing groundwater
RM26.270.01	Discharge to Land Permit	To discharge effluent to land for the purpose of operating a dairy farm
RM26.271.01	Gravel Extraction Consent	To extract gravel from the bed of Lake Dunstan for the purpose of restoring a water channel for safe passage at Perriam Cove Marina
RM26.273.01	Earthworks Consent	To undertake earthworks for the purpose of residential development
RM26.273.02	Discharge to Land Permit	To discharge sediment-laden water to land and water for the purpose of undertaking residential earthworks
RM26.277.01	CMA Use Permit	To disturb, deposit rock material and temporarily occupy the Common and Coastal Marine Area (CMA) for the purpose of erosion protection works.
RM26.277.02	CMA Use Permit	To reclaim part of the Coastal Marine Area for the purpose of erosion protection works
RM26.277.03	Coastal Discharge Permit	To discharge sediment to the Coastal Marine Area for the purpose of undertaking erosion protection works.
RM26.310.01	Discharge to Land Permit	To discharge liquid animal effluent or water containing liquid animal effluent to land for the purpose of operating a dairy farm
RM26.310.02	General/Structure Land Use Consent	To use land to use and maintain an animal effluent storage facility for the purpose of operating a dairy farm
RM26.318.01	Discharge to Water Permit	To discharge water treatment filtration backwash water to the Poumāhaka River from the Glenkenich Water Treatment Plant for the purpose of operating the Glenkenich Water Treatment Plant
RM26.337.01	Discharge to Land Permit	To discharge liquid animal effluent and water containing liquid animal effluent to land for the purpose of operating a dairy farm
RM26.338.01	Earthworks Consent	To undertake earthworks for the purpose of residential development
RM26.338.02	Discharge to Land Permit	To discharge sediment to land in a manner that may enter water for the purpose of residential development
RM26.344.01	Earthworks Consent	To undertake earthworks for the purpose of a residential development
RM26.344.02	Discharge to Land Permit	To discharge sediment to land in a manner that may enter water for the purpose of residential development
RM26.346.01	Discharge to Air Permit	To discharge contaminants to air from the operation of a mobile asphalt plant
RM26.347.01	Earthworks Consent	To discharge treated domestic wastewater to land for the purpose of disposal of wastewater from a domestic dwelling
RM26.347.02	Discharge to Land Permit	To undertake earthworks for the purpose of enabling wastewater infrastructure as part of residential development
RM26.347.03	Discharge to Land Permit	To discharge wastewater to land for the purpose of residential development
RM26.355.01	General/Structure Land Use Consent	To disturb a contaminated site for the purpose of installing VMS signage
RM26.363.01	Discharge to Land Permit	To discharge liquid animal effluent to land for the purpose of operating a truck wash station
RM26.363.02	General/Structure Land Use Consent	To use and maintain an effluent storage facility for the purpose of operating a truck wash station
RM26.363.03	Discharge to Air Permit	To discharge contaminants to air from stored animal effluent for the purpose of operating a truck wash station

Consent ID	Consent type	Consent Purpose
RM26.364.01	Discharge to Land Permit	To discharge liquid animal effluent to land for the purpose of operating dairy farm
RM26.364.02	Groundwater Take Permit	To take and use groundwater for the purposes of domestic supply, stock drinking water and dairy shed supply
RM26.364.03	General/Structure Land Use Consent	To use land for two feedlots (feed pad and standoff pad) for the purpose of operating a dairy farm
RM26.364.04	Discharge to Land Permit	To discharge animal effluent to land from a feedlot (standoff pad) for the purpose of operating a dairy farm
RM26.364.05	General/Structure Land Use Consent	To use land for the use and maintenance of two animal effluent storage facilities and a component of an animal effluent system
RM26.367.01	Discharge to Land Permit	To discharge liquid animal effluent or water containing liquid animal effluent to land for the purpose of operating a dairy farm
RM26.367.02	Discharge to Air Permit	To discharge contaminants (odour) to air from an animal effluent storage facility
RM26.368.01	Discharge to Land Permit	To discharge liquid animal effluent to land for the purpose of operating a dairy farm
RM26.368.02	General/Structure Land Use Consent	To upgrade, use, and maintain an animal effluent storage facility for the purpose of operating a dairy farm
RM26.373.01	Bore Construction Consent	To construct a bore for the purpose of accessing groundwater
RM26.374.01	Bore Construction Consent	To construct three bores for the purpose of accessing ground water
RM26.378.01	General/Structure Land Use Consent	To undertake earthworks on a contaminated site for the purpose of site development
RM26.385.01	Discharge to Land Permit	To discharge liquid animal effluent to land for the purpose of dairy farm operation
RM26.385.02	Groundwater Take Permit	To take and use groundwater for the purposes of stock drinking water and dairy shed supply
RM26.385.03	Surface Water Take Permit	To take and use surface water for the purposes of irrigation and stock drinking water
RM26.386.01	Discharge to Land Permit	To discharge liquid animal effluent to land for the purpose of operating a dairy farm
RM26.386.02	Discharge to Air Permit	To discharge contaminants to air from effluent irrigation for the purpose of operating a dairy farm
RM26.387.01	General/Structure Land Use Consent	To extend an existing culvert within the bed of an unnamed tributary of the Clutha/Mata-Au River for the purpose of improving runway surrounds to meet Civil Aviation Authority standards
RM26.387.02	Divert Water Permit	To temporarily divert an unnamed tributary of the Clutha River/Mata-Au for the purpose of extending an existing culvert
RM26.387.03	General/Structure Land Use Consent	To alter the bed of an unnamed tributary of the Clutha/Mata-au River for the purpose of extending an existing culvert
RM26.388.01	Bore Construction Consent	To construct a bore for the purpose of accessing groundwater
RM26.389.01	Bore Construction Consent	To construct a bore for the purpose of accessing groundwater
RM26.391.01	Bore Construction Consent	To construct one bore for the purpose of accessing ground water
RM26.394.01	Bore Construction Consent	To construct a bore for the purpose of accessing ground water
RM26.395.01	Bore Construction Consent	To construct one bore for the purpose of accessing groundwater
RM26.404.01	Bore Construction Consent	To construct a bore for the purpose of accessing groundwater
RM26.406.01	Bore Construction Consent	To construct a bore for the purpose of accessing ground water
RM26.407.01	Earthworks Consent	To undertake earthworks on a contaminated site for the purpose of residential development

Consent ID	Consent type	Consent Purpose
RM26.407.02	Discharge to Land Permit	To discharge sediment to land in a manner that may enter water, associated with earthworks and land disturbance on a contaminated site, for the purpose of residential development
RM26.417.01	Bore Construction Consent	To construct a bore for the purpose of accessing ground water

APPLICATIONS LODGED

Application ID	Application purpose
RM26.404	To construct a bore for the purpose of accessing groundwater
RM26.405	To carry out earthworks for the purpose of residential development
RM26.406	To construct a single bore
RM26.407	To disturb a contaminated site for the purpose of remediation and residential redevelopment
RM26.408	To undertake remedial works with the Rockabilly Gully from damaged caused during storms
RM26.409	To add a point of take to an existing surface water permit RM12.166.01 for the purpose of irrigation and stockwater.
RM26.410	Variation to 2007.090.V1 - To vary conditions 2, 12 and 17
RM26.411	To carry out earthworks and to construct a defence against water for the purpose of residential development
RM26.413	Various consents for the purpose of operating a dairy farm
RM26.414	To construct one bore
RM26.415	To vary lapse the lapse date of earthworks consent RMFT23.006.01
RM26.417	To construct a bore for the purpose of accessing ground water
RM26.420	To carry out earthworks for the purpose of residential development
RM26.422	To disturb a contaminated site by constructing up to four drill holes including no more than one production bore
RM26.423	To discharge contaminants to air for the purpose of roasting coffee
RM26.424	To discharge treated domestic wastewater to land for the purpose of disposal of wastewater for the Kingston Village development
RM26.425	Administrative change to consent RM24.292.01 - to condition 3a
RM26.426	To disturb a contaminated site for the purpose of site development
RM26.427	To excavate and clear silt and sediment build up from a drain, place rock riprap in the bed of a drain and remove vegetation and undertake earthworks within 10m of a natural inland wetland for the purpose of flood resilience at Green Park Cemetery
RM26.428	To construct a bore for the purpose of accessing groundwater, and to disturb a contaminated site
RM26.429	To transfer the site and vary conditions of Water Permit 2006.814.V1
RM26.430	To disturb a contaminated site for the purpose of site development
RM26.432	Variation to RM21.286.01 - To vary conditions 4 and 8 relating to treated wastewater effluent quality and monitoring requirements
RM26.434	To discharge liquid animal effluent to land for the purpose of operating a dairy farm
RM26.436	Variation to RM25.424.01, to vary condition 6 and 21(c) to maintain and remediate Lake Hayes walking track
RM26.438	To take and use groundwater from the Pomahaka Basin Aquifer for the purpose of domestic supply, dairy shed supply and stock water supply
RM26.439	To carry out earthworks on contaminated land for the purpose of residential development
RM26.440	Land Use Consent to establish and operate a quarry for the purpose of establishing and operating Locharburn Quarry, To discharge contaminants to air for the purpose of establishing and operating Locharburn Quarry, To discharge contaminants to land from aggregate washing and hydro-excavated waste for the purpose of establishing and operating Locharburn Quarry and to take and use water for the purpose of establishing and operating Locharburn Quarry

Application ID	Application purpose
RM26.441	To discharge treated domestic wastewater onto and into land from a replacement on-site effluent treatment (OSET) system serving the existing function and cellar door facility
RM26.442	To transfer the point of take of consent RM13.351.01 and to vary Condition 3 (a), 3 (b), 4 and condition 6 of the same consent to update tlegal description and intake site details
RM26.444	To construct a bore for the purpose of accessing ground water
RM26.445	To take and use surface water as an augmented take from Black Bush Creek, Russell Creek, Chandlers Creek and the Manuherikia Race for the purpose of irrigation
RM26.448	To discharge liquid animal effluent to land for the purpose of operating a dairy farm
RM26.449	To construct a bore for the purpose of accessing ground water
RM26.450	To carry out earthworks for the purpose of residential development
RM26.451	To vary discharge to land consent RM16.328.01 condition (8) for the purpose of addressing the adequacy of groundwater monitoring sites
RM26.452	To discharge liquid animal effluent to land for the purpose of operating a dairy farm
RM26.453	To occupy the coastal marine area at Careys Bay, Otago Harbour, with a boatshed for the purpose of using the structures for recreational purposes
RM26.455	To carry out earthworks within 10 metres of a drain for the purpose of residential development
RM26.457	To construct a bore for the purpose of accessing groundwater
RM26.458	To construct a bore for the purpose of accessing ground water
RM26.459	To discharge animal effluent to land and land use for an effluent storage facility for the purpose of operating a dairy farm and Variation to RM24.574.01
RM26.460	To construct a bore for the purpose of accessing groundwater
RM26.461	To construct a bore for the purpose of accessing ground water
RM26.462	Land use permit for the renewal and upgrade of critical three-waters infrastructure along Portobello Road
RM26.463	To construct a bore for the purpose of accessing groundwater
