Do you wish to speak to your submission at a public hearing?

Topic 1: Are we focusing on the right things in the plan?

Tell us more:

The new on demand service for Mosgiel is of quite a bit of concern to Retirement village folk who use the East/West connection ..a lot of folk dont use apps on a cellphone so how would they contact the bus 'on demand'. At present the service doesnt run past the medical centre in Inglis St but stops a block short at Mossbrae resthome...not great for folk with walking disabilities. Could this new system be looked at by a seniors point of view before it is implemented perhaps. When you are young and able you have a different perspective in what may be appropriate.

Topic 2: Should we support community transport services in smaller towns and rural areas?

Our proposal: we are considering the establishment of a subsidised community transport programme providing support for transport services in Otago's smaller towns and rural areas.

What do you think about this proposal?

Topic 3: Should we increase our passenger fares?

Our proposal: we are considering increasing the base fare for adult Bee Card passengers from \$2 to \$2.50. This would effectively increase bus fares for all passengers using Bee Cards by 25%.

What do you think about this proposal?

Topic 4: Should we charge more for longer trips?

Our proposal: we are considering introducing a zone fare system to our bus networks in Dunedin and Queenstown. Under this system, passengers travelling further distances across multiple zones will pay a higher fare than those travelling short distances within one zone.

What do you think about this proposal?

Topic 5: Should we keep our free fares for children (5-12 years)?

Our proposal:

- A. Retain free fares (100% discount) for children (5-12 years), **AND**
- B. Standardise our concession discount for youth (13-18 years) to 40% across both the Dunedin and Queenstown networks. For example, if the adult fare is \$2, youth pay \$1.20, or if the adult fare is \$2.50, youth pay \$1.50.

What do you think about this proposal?

Any other comments?
