Do you wish to speak to your submission at a public hearing?

No

Topic 1: Are we focusing on the right things in the plan?

Do you agree that these focus areas capture Otago's public transport priorities?

Yes

Topic 2: Should we support community transport services in smaller towns and rural areas?

Our proposal: we are considering the establishment of a subsidised community transport programme providing support for transport services in Otago's smaller towns and rural areas.
What do you think about this proposal?

Are there other initiatives or programmes that you think Council should be considering?

Yes

Topic 3: Should we increase our passenger fares?

Our proposal: we are considering increasing the base fare for adult Bee Card passengers from \$2 to \$2.50. This would effectively increase bus fares for all passengers using Bee Cards by 25%.
What do you think about this proposal?

Should Council increase the adult Bee Card fare?

No

Tell us more:

To encourage people on the bus service it needs to be very reasonable in price

Topic 4: Should we charge more for longer trips?

Our proposal: we are considering introducing a zone fare system to our bus networks in Dunedin and Queenstown. Under this system, passengers travelling further distances across multiple zones will pay a higher fare than those travelling short distances within one zone.

What do you think about this proposal?

Should Council charge more for longer trips?

No

Tell us more:

Keep it as simple as possible

Topic 5: Should we keep our free fares for children (5-12 years)?

Our proposal:

- A. Retain free fares (100% discount) for children (5-12 years), **AND**
- B. Standardise our concession discount for youth (13-18 years) to 40% across both the Dunedin and Queenstown networks. For example, if the adult fare is \$2, youth pay \$1.20, or if the adult fare is \$2.50, youth pay \$1.50.

What do you think about this proposal?

Should Council retain free fares (100% discount) for children (5-12 years)?

Yes

Should Council standardise our concession discount for youth (13-18 years) to 40% across both the Dunedin and Queenstown networks?

Yes

Any other comments?

Let us know if you have any other comments or ideas on the topics discussed in the Draft Regional Public Transport Plan.

The bus service needs to be far more regular to populated areas like lake Hayes, quail rise, Jack's point it currently is only good if you have a lot of time available not effective otherwise should be minimum every 30 minutes.
