Do you wish to speak to your submission at a public hearing?

No

## Topic 1: Are we focusing on the right things in the plan?

Do you agree that these focus areas capture Otago's public transport priorities?

Yes

## Topic 2: Should we support community transport services in smaller towns and rural areas?

**Our proposal:** we are considering the establishment of a subsidised community transport programme providing support for transport services in Otago's smaller towns and rural areas.  
**What do you think about this proposal?**

Do you agree with ORC having a role in supporting community transport services?

Yes

**Tell us more:**

It is important that services adequately provide for children to get to and from school. It is unacceptable that buses are too full and children cannot get on the bus to get to school on time. ORC needs to schedule more services to meet demand.

## Topic 3: Should we increase our passenger fares?

**Our proposal:** we are considering increasing the base fare for adult Bee Card passengers from \$2 to \$2.50. This would effectively increase bus fares for all passengers using Bee Cards by 25%.

**What do you think about this proposal?**

**Should Council increase the adult Bee Card fare?**

Yes

## Topic 4: Should we charge more for longer trips?

**Our proposal:** we are considering introducing a zone fare system to our bus networks in Dunedin and Queenstown. Under this system, passengers travelling further distances across multiple zones will pay a higher fare than those travelling short distances within one zone.

**What do you think about this proposal?**

**Should Council charge more for longer trips?**

No

**Tell us more:**

I think it's important to incentivise public transport for longer trips by not charging more for longer trips.

## Topic 5: Should we keep our free fares for children (5-12 years)?

**Our proposal:**

- A. Retain free fares (100% discount) for children (5-12 years), **AND**
- B. Standardise our concession discount for youth (13-18 years) to 40% across both the Dunedin and Queenstown networks. For example, if the adult fare is \$2, youth pay \$1.20, or if the adult fare is \$2.50, youth pay \$1.50.

**What do you think about this proposal?**

**Should Council retain free fares (100% discount) for children (5-12 years)?**

Yes

**Tell us more:**

This is critical to encourage children to use public transport and develop the habit for using public transport early in children's lives.

**Should Council standardise our concession discount for youth (13-18 years) to 40% across both the Dunedin and Queenstown networks?**

Yes
