# Draft Regional Public Transport Plan 2025-2035 Feedback form

Unique ID

RPTP-0240

## Contact details

Name:

haze alexandre

Do you wish to speak to your submission at a public hearing?

No

## Topic 1: Are we focusing on the right things in the plan?

Do you agree that these focus areas capture Otago's public transport priorities?

Yes

Tell us more:

yes but i believe integrated network is the most lacking, needs the most work

## Topic 2: Should we support community transport services in smaller towns and rural areas?

**Our proposal:** we are considering the establishment of a subsidised community transport programme providing support for transport services in Otago's smaller towns and rural areas.

**What do you think about this proposal?**

Do you agree with ORC having a role in supporting community transport services?

Yes

Are there other initiatives or programmes that you think Council should be considering?

Yes

### Tell us more:

yes but i believe there should be better services for people in higher population areas too. many of the busses around these outskirts are only available at the same times at other busses. in a more integrated system i think busses should run evenly so at any given time a bus is say 15 minutes away (as opposed to the two busses coming in the same 5 minutes)

## Topic 3: Should we increase our passenger fares?

**Our proposal:** we are considering increasing the base fare for adult Bee Card passengers from \$2 to \$2.50. This would effectively increase bus fares for all passengers using Bee Cards by 25%.

**What do you think about this proposal?**

**Should Council increase the adult Bee Card fare?**

No

### Tell us more:

keeping it cheap provides more incentive to catch the bus. lower the price back to \$1

## Topic 4: Should we charge more for longer trips?

**Our proposal:** we are considering introducing a zone fare system to our bus networks in Dunedin and Queenstown. Under this system, passengers travelling further distances across multiple zones will pay a higher fare than those travelling short distances within one zone.

**What do you think about this proposal?**

**Should Council charge more for longer trips?**

Yes

### Tell us more:

charging more for trips further out, in less populated areas accounts for the cost to run that bus

## Topic 5: Should we keep our free fares for children (5-12 years)?

**Our proposal:**

- A. Retain free fares (100% discount) for children (5-12 years), **AND**
- B. Standardise our concession discount for youth (13-18 years) to 40% across both the Dunedin and Queenstown networks. For example, if the adult fare is \$2, youth pay \$1.20, or if the adult fare is \$2.50, youth pay \$1.50.

**What do you think about this proposal?**

**Should Council retain free fares (100% discount) for children (5-12 years)?**

Yes

**Tell us more:**

its lame as hell to make babies pay for the bus

**Should Council standardise our concession discount for youth (13-18 years) to 40% across both the Dunedin and Queenstown networks?**

Yes

## Any other comments?

**Let us know if you have any other comments or ideas on the topics discussed in the Draft Regional Public Transport Plan.**

windows that open. bring them back. look at christchurch's bus system. remember when the busses were rainbow colours????? i want that
