Draft Regional Public Transport Plan 2025-2035 Feedback form

Unique ID

RPTP-0189

Contact details

Name:

Shelley Gorman

Do you wish to speak to your submission at a public hearing?

No

Topic 1: Are we focusing on the right things in the plan?

Do you agree that these focus areas capture Otago's public transport priorities?

Yes

Topic 2: Should we support community transport services in smaller towns and rural areas?

Our proposal: we are considering the establishment of a subsidised community transport programme providing support for transport services in Otago's smaller towns and rural areas.
What do you think about this proposal?

Do you agree with ORC having a role in supporting community transport services?

Yes

Are there other initiatives or programmes that you think Council should be considering?

Yes

Tell us more:

Bike route for northern residents

Topic 3: Should we increase our passenger fares?

Our proposal: we are considering increasing the base fare for adult Bee Card passengers from \$2 to \$2.50. This would effectively increase bus fares for all passengers using Bee Cards by 25%.

What do you think about this proposal?

Should Council increase the adult Bee Card fare?

Yes

Tell us more:

If it makes it more sustainable a small increase is acceptable.

Topic 4: Should we charge more for longer trips?

Our proposal: we are considering introducing a zone fare system to our bus networks in Dunedin and Queenstown. Under this system, passengers travelling further distances across multiple zones will pay a higher fare than those travelling short distances within one zone.

What do you think about this proposal?

Should Council charge more for longer trips?

No

Tell us more:

Outlying areas get less services from council already. Charging more per ride further penalises us

Topic 5: Should we keep our free fares for children (5-12 years)?

Our proposal:

- A. Retain free fares (100% discount) for children (5-12 years), **AND**
- B. Standardise our concession discount for youth (13-18 years) to 40% across both the Dunedin and Queenstown networks. For example, if the adult fare is \$2, youth pay \$1.20, or if the adult fare is \$2.50, youth pay \$1.50.

What do you think about this proposal?

Should Council retain free fares (100% discount) for children (5-12 years)?

Yes

Tell us more:

Should be encouraging children to utilise as more likely to continue use into adulthood.
Expensive for parents of 3+ children to use the bus daily so a fair discount is warranted.

Should Council standardise our concession discount for youth (13-18 years) to 40% across both the Dunedin and Queenstown networks?

Yes

Any other comments?

Let us know if you have any other comments or ideas on the topics discussed in the Draft Regional Public Transport Plan.

Frequency on weekends is still pitiful for Palmerston route.

No Friday evening but and then very early / too late morning Saturday's. Just doesn't suit a lot of us so I end up driving in.

Also - Weekday bus gets in too late for St Hildas - start is 8.35am and they finish at 3.25pm so no option for my daughter to get the bus to and fr school without missing some school.
