

CONSENTS GRANTED

Consent ID	Consent type	Consent Purpose
RM23.520.01	Discharge to Water Permit	To discharge treated industrial and trade wastewater to the Koau Branch of the Clutha River/Mata-Au for the purpose of operating the Balclutha Wastewater Treatment Plant.
RM25.354.01	Earthworks Consent	To use land for earthworks for residential development
RM25.354.02	Discharge to Land Permit	To discharge sediment-laden water to land and water as a result of undertaking activities authorised by RM25.354.01
RM25.487.01	Discharge to Land Permit	To discharge treated wastewater to land for the purpose of disposing of wastewater from a visitor accommodation and café/ restaurant
RM25.614.01	Discharge to Land Permit	To discharge liquid animal effluent or water containing liquid animal effluent from an animal effluent system and calving/feed pad and silage leachate onto or into land
RM25.614.02	General/Structure Land Use Consent	To use land for a calving/feed pad for the purpose of farm management
RM25.685.01	Earthworks Consent	To undertake earthworks for the purpose of residential development
RM25.685.02	General/Structure Land Use Consent	To disturb and alter the bed of the Pumphouse Stream for the purpose of constructing two stormwater outlets
RM25.685.03	Discharge to Land Permit	To discharge sediment laden water to land in a manner that may enter water, for the purpose of residential development
RM26.001.01	Discharge to Land Permit	To discharge liquid animal effluent or water containing liquid animal effluent from an animal effluent system onto or into land for the purpose of operating a dairy farm.
RM26.001.02	General/Structure Land Use Consent	To use land for the use and maintenance of an animal effluent storage facility (liquid effluent storage pond) and three components of an animal effluent system (effluent settling ponds) for the purpose of operating a dairy farm
RM26.020.01	Surface Water Take Permit	To take and use surface water as primary allocation from Pringles Creek for the purpose of potable water supply, artificial snowmaking, dust suppression and amenity irrigation for a ski resort
RM26.032.01	Discharge to Air Permit	To discharge contaminants to air from the operation of a mobile asphalt plant
RM26.050.01	Discharge to Land Permit	To discharge treated wastewater to land from a residential dwelling
RM26.050.02	Earthworks Consent	To use land for earthworks for the purpose of residential development
RM26.050.03	Discharge to Land Permit	To discharge sediment to land for the purpose of residential development
RM26.050.04	General/Structure Land Use Consent	To disturb the bed of an ephemeral waterway to construct, use, and maintain two culverts and to place a pipe in an unnamed ephemeral waterway for the purpose of constructing a residential dwelling
RM26.050.06	Bore Construction Consent	To construct temporary bores for the purpose of site dewatering
RM26.119.01	Discharge to Land Permit	To discharge liquid animal effluent to land for the purpose of operating a dairy farm
RM26.119.02	General/Structure Land Use Consent	To use land for a feedlot (wintering pad) for the purpose of operating a dairy farm
RM26.161.01	Surface Water Take Permit	To take and use surface water from Oamaru Creek for the purpose of irrigation and stock drinking water
RM26.161.02	Divert Water Permit	To temporarily divert surface water from Oamaru Creek for the purpose of removing a dam
RM26.162.01	Bore Construction Consent	To construct two bores for the purpose of accessing ground water
RM26.162.02	Groundwater Take Permit	To take and use groundwater for the purpose of dewatering
RM26.178.01	Discharge to Land Permit	To discharge liquid animal effluent or water containing liquid animal effluent and silage leachate to land from an animal effluent system
RM26.178.02	Discharge to Air Permit	To discharge contaminants to air (odour) from an animal effluent storage system

Consents granted and Applications lodged June 2026

Consent ID	Consent type	Consent Purpose
RM26.200.01	Discharge to Land Permit	To discharge sediment to land in a manner that may enter water
RM26.200.02	Earthworks Consent	To undertake earthworks, and disturbance and remediation of a contaminated site for the purpose of residential development
RM26.227.01	Groundwater Take Permit	To take and use groundwater for the purpose of dewatering four construction sites
RM26.227.02	General/Structure Land Use Consent	To construct temporary bores during infrastructure upgrade works for the purpose of site dewatering
RM26.242.01	Discharge to Land Permit	To discharge treated domestic wastewater to land for the purpose of disposing of treated wastewater
RM26.245.01	General/Structure Land Use Consent	To undertake earthworks and vegetation clearance within a natural inland wetland and Regionally Significant Wetland, and to disturb the bed of Pioneer Stream, for the purpose of constructing a wetland utility structure
RM26.246.01	Discharge to Land Permit	To discharge liquid animal effluent to land for the purpose of operating a dairy farm
RM26.262.01	Bore Construction Consent	To construct a bore for the purpose of accessing groundwater
RM26.267.01	Bore Construction Consent	To construct one bore for the purpose of accessing ground water
RM26.274.01	Bore Construction Consent	To construct up to six bores for the purpose of accessing ground water
RM26.279.01	Bore Construction Consent	To construct a temporary bore during infrastructure upgrade works for the purpose of site dewatering
RM26.279.02	Groundwater Take Permit	To take and use groundwater for the purpose of dewatering a construction site
RM26.280.01	Discharge to Land Permit	To discharge liquid animal effluent, water containing liquid animal effluent or silage leachate to land for the purpose of operating a dairy farm
RM26.280.02	General/Structure Land Use Consent	To use land for the construction, use and maintenance of an animal effluent storage facility (effluent storage pond) and the upgrade, use and maintenance of components of an animal effluent system (sludge beds and weeping walls).
RM26.280.03	General/Structure Land Use Consent	To use land for the use and maintenance of an effluent storage facility (existing effluent storage pond) and two components of an animal effluent system (settling ponds).
RM26.280.04	General/Structure Land Use Consent	To use land for a stockholding area for the purpose of operating a dairy farm
RM26.289.01	Bore Construction Consent	To construct temporary bores during infrastructure upgrade works for the purpose of site dewatering
RM26.291.01	Bore Construction Consent	To construct up to ten bores for a maximum of five production bores for the purpose of accessing groundwater
RM26.292.01	Bore Construction Consent	To construct a bore for the purpose of accessing groundwater
RM26.294.01	General/Structure Land Use Consent	To disturb a contaminated site for the purpose of the redevelopment of the Roslyn Kindergarten
RM26.295.01	Bore Construction Consent	To construct a bore for the purpose of accessing groundwater
RM26.300.01	Bore Construction Consent	To construct one bore for the purpose of accessing groundwater
RM26.301.01	Bore Construction Consent	To construct a bore for the purpose of accessing groundwater
RM26.308.01	Bore Construction Consent	To construct one bore for the purpose of accessing groundwater
RM26.311.01	Bore Construction Consent	To construct a bore for the purpose of accessing ground water
RM26.319.01	Bore Construction Consent	To construct a bore for the purpose of accessing groundwater

APPLICATIONS LODGED

Application ID	Application purpose
RM24.384	Application for land use consents relating to works in, on or over the bed or banks of the Kauru River for road maintenance activities at the Kakanui Valley Road Bridge
RM26.297	To discharge treated wastewater to the Kawarau River from the Shotover Wastewater Treatment Plant; to discharge odour to air from the Shotover Wastewater Treatment Plant; to disturb the bed of the Kawarau River; to place and maintain an outfall structure and/or pipe in the bed of the Kawarau River; to discharge sediment-laden water associated with the construction and maintenance of the outfall and/or pipe to the Kawarau River; and to take and use groundwater for construction-phase dewatering.
RM26.299	To disturb the bed of the Pomahaka River for the purposes of operating a suction dredge and To discharge contaminants, namely sediments to the Pomahaka River for the purposes of suction dredge mining
RM26.300	To construct one bore
RM26.301	To construct a bore
RM26.303	Variation to RM20.404.01 to provide for use of alternative coal supplies to power "TSS Earnslaw"
RM26.305	To undertake earthworks for the purpose of constructing a new residential development
RM26.306	To take and use groundwater for the purpose of dairy shed use and stock drinking water
RM26.307	Variation to RM20.039.06 to vary condition 11 and appendix 1
RM26.308	To construct a single bore
RM26.310	To discharge animal effluent to land for the purpose of operating a dairy farm
RM26.311	To construct a bore
RM26.312	Variation to 2010.217.V1 - Variation to add another location - Owaka River - Owaka
RM26.314	Variation to 98382 - To vary the consent conditions 3, 4 and 5 to align with the size and hazard risk of the pond
RM26.315	Application for various consents relating to alluvial gold mining
RM26.316	To undertake earthworks for the purpose of residential development
RM26.318	To discharge water treatment filtration backwash water to water from the Glenkenich Water Treatment Plant
RM26.319	To construct one bore
RM26.320	To drill a new well and decommission an old well for the purpose of accessing ground water
RM26.321	To construct a bore for the purpose of accessing groundwater
RM26.324	To vary Land Use Consent RM26.085.01 and Discharge Permit RM26.085.02
RM26.325	To discharge a vertebrate control pesticide onto land where it may harm fauna in a Regionally Significant Wetland
RM26.326	To vary conditions of Land Use Consent RM23.608.01 and Discharge Permit RM23.608.02
RM26.327	To construct a bore for the purpose of accessing groundwater
RM26.328	To discharge effluent waste to land for the purpose of running a dairy farm
RM26.329	To discharge contaminants to air for the purpose of operating a wastewater treatment plant
RM26.330	To take and use groundwater for the purpose of domestic use, irrigation and fire fighting water purposes
RM26.333	To discharge dairy effluent to land for the purpose of operating a effluent discharge system
RM26.334	To take and use groundwater associated with Willow Creek Farm Dairy operation for the purpose of domestic, dairy shed wash down, and stock drinking water.
RM26.335	To access groundwater for the purpose of irrigation on Council Reserve
RM26.336	To discharge treated domestic wastewater to land for the purpose of disposal of wastewater from a residential development
RM26.337	To discharge liquid animal effluent to land for the purpose of operating a dairy farm
RM26.338	To carry out earthworks for the purpose of residential development and To discharge sediment to land in a manner that may enter water for the purpose of residential development
RM26.339	To construct a bore for the purpose of accessing groundwater
RM26.340	To construct a bore for the purpose of accessing ground water

Consents granted and Applications lodged June 2026

Application ID	Application purpose
RM26.341	To carry out earthworks for the purpose of residential development
RM26.342	To disturb the bed of the Nevis River for the purpose of operating an excavator
RM26.343	To take and use groundwater from the Cromwell Terrace Aquifer for the purpose of irrigation
RM26.344	To undertake earthworks for the purpose of a residential development
RM26.345	To construct one bore
RM26.346	To discharge contaminants to air from a mobile asphalt plant for the purpose of operating an airport
RM26.347	To carry out earthworks and discharge of wastewater to land for the purpose of residential development
RM26.348	To construct a bore for the purpose of accessing groundwater
RM26.349	Variation to RM25.221.01 and RM25.221.02 to vary the location of the sill structure from downstream to upstream
RM26.350	To disturb the bed of Lake Whakatipu for the purpose of erosion protection, Land Use general for the structure and defence against water (the rock revetment), Land Use consent for dewatering bores for the purpose of erosion protection
RM26.351	To carry out earthworks for the purpose of residential development
RM26.352	To take and use water as supplementary allocation from Dry creek and Wainui creek for the purpose of frost fighting and domestic use
RM26.354	To construct a bore for the purpose of accessing groundwater
