## Your feedback

**Please give us your feedback on the changes to the Navigation Safety Bylaw 2020, as outlined in the Draft Navigation Safety Bylaw 2026. What would you change? What do you support or not support?**

None of this registration is necessary. All of these issues are already catered for or are common sense. This proposed law will severely limit citizens access to the Otago harbour. It is an attack on the rights of boat owners. It will stop kids learning to swim as they can no longer jump off floating docks. It is a bureaucratic power grab by the regional council and the harbour master.
